

FALLS FROM CLIFF TO DEATH.

Charles A. Bailey, Well Known Real Estate Man Killed in Yosemite.

YOSEMITE, JUNE 6.—CHARLES A. BAILEY, OF OAKLAND, CAL., FELL FROM A CLIFF IN THE YOSEMITE VALLEY YESTERDAY. HIS BODY HAS NOT YET BEEN RECOVERED.

BERKELEY, June 6.—The family of Charles A. Bailey received a dispatch today from the Yosemite informing them of the accident which he had sustained.

Raymond Bailey, who was associated with his father in the real estate business, left town for the Yosemite at once. Mr. Bailey's place of business at 2131 Shattuck avenue is closed and will remain closed for some time.

Mr. Bailey left for the Yosemite on May 29 and he expected to be absent for two or three weeks, which was his annual outing in the mountains.

He was so fond of riding on a wheel that he took his bicycle with him to the Yosemite, riding the entire distance.

He is a great mountain climber in spite of his age, 60 years.

His daring in this respect is supposed to have been the cause of his fall from the cliff.

Mr. Bailey was one of the most prominent real estate men in Alameda county. He owns a large section of West Berkeley, his holdings there representing hundreds of acres of valuable land.

His family consists of a wife, Mrs. Alice B. Bailey, two sons, Raymond and Bryant, and a daughter, Cora Bailey.

Charles A. Bailey resided at 1387 Harrison street in Oakland. There was no one at the residence today but his son, who was completely prostrated on hearing of his father's tragic death.

TALKS TO A KING CITY IS IN DANGER

Alfonso Receives Mr. Reid and Other Ambassadors. Whole Town May Be Under Water Before 24 Hours.

LONDON, June 5.—The King of Spain opened a long program of engagements today with the reception of the Diplomatic Corps at Buckingham Palace. All the ambassadors and ministers now in London, with the staffs of the embassies and the legations, attended, including Ambassador Reid and the other members of the American Embassy.

Mr. Reid had quite a long talk with King Alfonso, who referred to some of the Ambassador's past services.

At the request of the Spanish King, Mr. Reid presented Secretary Carter and the other members of the embassy to His Majesty.

Subsequently King Alfonso, escorted by a detachment of Life Guards, proceeded to attend the celebration of mass at the Roman Catholic cathedral at Westminster.

There was some excitement on the way there, caused by members of the escort being thrown, owing to their horses slipping on the wet asphalt.

D. O. MILLS WILL RESIGN

WILL NO LONGER BE A DIRECTOR OF THE EQUITY.

ABLE

NEW YORK, June 6.—The resignation of D. O. Mills as director of the Equitable Society will be in the hands of President Alexander of the society by tomorrow.

Mr. Mills will not attend the meeting of the Equitable directors tomorrow. It is expected that John K. Stewart will also resign as director.

FAIRBANKS NOW IN CHICAGO

CHICAGO, June 6.—Vice President Fairbanks and Mrs. Fairbanks arrived in Chicago today from Portland, Ore., where the Vice President went to open the exposition. Later Mr. and Mrs. Fairbanks left Chicago for Detroit. Tomorrow the Vice President will make an address at the laying of the cornerstone of the new Federal building at Flint, Mich.

ROYAL WEDDING IN BERLIN.

DUCHESS CECILIA

Crown Prince Makes the Duchess Cecelia His Bride—Prominent People Present.

BERLIN, June 6.—Crown Prince Frederick William and the Duchess Cecelia of Mecklenburg-Schwerin were married by Dr. Dryander, the court chaplain, in the small chapel of the palace at five o'clock this afternoon according to the ritual of the Lutheran Church, which is the same for a prince as for a subject. About half of the four hundred persons present were princes or special ambassadors of other countries with their aides de camp. Ambassador Tower attended as the extraordinary ambassador for the United States. Mrs. Tower was with him.

MANY GUESTS.

The other guests were the diplomatists accredited to this court, the members of the Cabinet, generals and admirals. When Chancellor von Bülow took his place in the chapel he received the quiet congratulations of those about him on his elevation today to a princely rank by Emperor William. After the other persons were in their places the visiting members of royal families entered.

Especially distinguished among them were the Archduke Franz Ferdinand of Austria, representing Emperor Francis Joseph; the Grand Duke Michael of Russia; Prince Henry, consort of the Queen of The Netherlands; the Duke and Duchess of Aosta, representing the King and Queen of Italy; Prince Arthur of Connaught, representing Great Britain; Prince and Princess Albert of Belgium; the Duke of Oporto, representing Portugal; Prince Ferdinand of Roumania, and the Crown Princes of Denmark and of Greece. The junior members of the house of Hohenzollern followed and finally came the Emperor and Empress.

ENTERS CHAPEL.

Crown Prince Frederick William entered by a side door of the chapel and waited at the altar for the Duchess Cecelia, who, on the arm of her brother, the reigning grand duke of Mecklenburg-Schwerin, and followed by ladies and gentlemen in waiting, had left

her rooms in another part of the palace and passed through a long corridor hung with pictures illustrating the glory of the house of Hohenzollern, among them being battle scenes of the time of Frederick the Great and the coronation of Emperor William I at Versailles.

BEAUTIFUL GOWN.

The Duchess wore a wonderful train of silver brocade, made at Moscow, which was the gift of Grand Duke Michael. It was borne by two pages. The embroideries on the train, which was nearly 14 feet in length and seven feet wide, were done after the designs of Professor Doepler in pink and silver.

The bride's veil was of old Brussels lace of great delicacy and beauty. She wore a tiara and the broad blue ribbon of the grand star of Luise order bestowed on her by the Emperor on Saturday.

WORE A UNIFORM.

Crown Prince Frederick William wore the light blue uniform of a major of the First Foot Guards with red and white facings.

Across his breast was the light blue ribbon of the Wendische crown, the highest decoration of the dukedom in Mecklenburg-Schwerin. He also wore the Prussian order of the Black Eagle. The service began with the cathedral choir, high up in the circular gallery around the dome of the chapel, singing in double quartet, "He shall give His angels charge." It is the privilege of the pastor, according to the Lutheran rite, to read either one of the several admonitory addresses to the bridal couple, or to make one of his own. Dr. Dryander elected to lay aside the book, taking as his subject the Book of Ruth, chapter I, verses 16 and 17, beginning:

"For whither thou goest I will go," etc.

BEAUTY OF LOVE.

Dr. Dryander spoke briefly on the beauty of love, the large responsibilities resting on the youthful pair, their need for support of

REPAIRS CANNOT BE MADE

United States Sends Final Order to Russian Admiral.

WASHINGTON, June 6.—The text of Secretary Taft's telegram to Governor Wright is as follows:

"Advise Russian admiral that as his ships are suffering from damages due to battle, and our policy is to restrict all operations of belligerents in neutral ports, the President cannot consent to any repairs unless his ships are interned at Manila until the close of hostilities. You are directed after notifying the Russian admiral of this conclusion, to turn over the execution of this order to Admiral Train, who has been advised accordingly by the Secretary of the Navy."

on board the Aurora, flagship of Rear Admiral Enquist, today, that while the authorities at Washington have denied the request of the Russian admiral for the opportunity to repair his vessels here, the refusal being on the fact that their injuries were received in battle, the matter is not entirely determined and that additional instructions from Washington are likely to be issued in relation to internment of the cruisers. The Jemchug already has 150 tons of coal and the Aurora 200.

Admiral Enquist is contracting to re-clothe his crews.

Rear Admiral Train will assume charge of the Army and Navy Club in order to extend the courtesies of the club to Admiral Enquist. Admiral Enquist, referring in conversation to the recent naval battle, said:

SAW THE BATTLE.

"When the battle commenced I was far in advance of the main fleet, engaged in scouting with the Oleg, Aurora and Jemchug. Japanese torpedo boats appeared in numbers, supported by a few cruisers. A heavy engagement followed. My ships were mainly painted black and white and stood out as large targets against the Japanese ships, which were painted an olive green color and which could hardly be seen. Owing to the incessant fire which the Japanese concentrated on my flagship, the Oleg, I transferred my flag to the Aurora. From her bridge, I could not see our main fleet, and believing it had been defeated and had been scattered, I de-

TRAINS COLLIDE AND TWO KILLED.

Knights of Columbus in Wreck Near Los Angeles—Engineer Misreads Orders.

LOS ANGELES, June 6.—Two men are dead and several badly injured as a result of an accident which occurred on the Salt Lake road near Riverside today.

Two passenger coaches bearing Ohio delegates to the convention of Knights of Columbus in this city were attached to the overland, but none of the passengers in these coaches was injured.

The dead are:

T. E. Carey, Los Angeles, brakeman on the overland, top of head crushed in and death instantaneous.

Selzer Norman, brakeman on newspaper train, crushed under the wreckage.

Mail Clerk Frank W. Shott was thrown from the train and three ribs were broken.

Engineer W. D. Gillott of the overland train had his ankle sprained and was bruised. Conductor Howe of the overland and Conductor Beach of the paper train were slightly hurt. Michael J. Ricard of New York City was injured, but not seriously.

Brakeman Carey was thrown more than sixty feet, falling on the top of his head, which was crushed. Brakeman Norman was thrown under the wreckage and crushed to a pulp.

Several persons were injured by flying splinters and broken glass.

The wreck was occasioned by the misreading of orders by the train crew of the overland. The orders were to pass the paper train at "Streeter," about two and a half miles west of Riverside. The engineer read his orders to meet the paper train at "Stalder," the usual meeting place, which is ten miles from Riverside.

One-half mile from the concrete bridge and about four miles from Riverside.

HOPE OF TEAMSTERS

Begin Conference to Discuss Way of Ending Strike.

CHICAGO, June 6.—The executive board of the Teamsters Union at the Briggs House has begun a conference to discuss means for ending the strike. It was said a plan was made to appoint a committee to wait upon the employers. The hope of the teamsters is that they may effect individual settlements without reference to the whole body of State street merchants. The teamsters believe that if they can make settlements with some of the store the way will be opened for a general settlement. President Shea declared that the strike would go on. He asserted that if any teamster leader wanted to make a "dishonorable settlement," they dared not show their heads in the open for the reason, according to Shea, that the rank and file of the teamsters are against any surrender.

RUSSIA INQUIRES ABOUT WARSHIPS

MAYOR SAYS CITY IS SAFE

Cotton Brothers Are Claimants to the Lake Land.

The following communication from about twenty-five property owners along the East arm of Lake Merritt protesting against the land grabbing and squandering of the city and referring to the City Engineer, in conjunction with the City Council, "To the Honorable the City Council of the City of Oakland: We the undersigned property owners, taxpayers and residents of the City of Oakland do most earnestly protest against the confiscation of the property of the City of Oakland at the upper end of the East arm of Lake Merritt. This property has at the expense of the City of Oakland been filled in, retained, built and should be kept by the city for park and boulevard purposes and the title of the city should be at once established and a suit at once brought to quiet title of the same. Any act of legal claims against this property for the construction of sewers or other work done by any one that is a benefit to the property should be a once adjusted so that no claims of any kind might be against the title of the city to the property. Asking that immediate and persistent action be taken to stop the illegal fencing in of this property and that these now engaged in doing this work be at once stopped in their work by such of the city officials to whom this duty belongs and that the city take charge of this property at once and assert their title to it by all fair and legal means and promising to assist the city as far as we can do so we remain, yours truly, J. A. Langstaff, R. W. Anderson, James S. Naismith, George H. Cornell, J. M. Darwell, C. L. Kiersey, J. E. Foster, Martha Jewell, C. M. White, E. J. Keller, Butchell & Crowley, Professor F. A. Gunther, Charles J. Cook, W. H. M. D. F. Weir.

Mayor Mott stated today that he had been investigating the fencing in of the portion of the reclaimed grounds. According to his investigation the city has not lost title to the property. This is what Mayor Mott says.

"There was a sewer constructed across the arm of the lake by Cotton Brothers. A part of the assessment fell on this land. I do not know who the city engineer was that made the plans but the assessment was never paid and should never have been. I understand that Cotton Brothers claim some title by virtue of having paid the assessment. I will be able to tell just where the city stands in regard to City Attorney McElroy comes back from Los Angeles.

"I have had this and other matters pertaining to the lake under consideration. I am not yet prepared to announce what I think can be done but will be able to do so in a little while."

WHAT OLD MAN TOLD HIM

WITNESS RECALLS CONVERSATION HE HAD WITH CHARLES SLICER.

The trial of the contest over the will of the late Charles E. Slicer was resumed this morning after its continuance from last Thursday. J. T. Baumgarten, who at one time conducted a second hand store at 319 Broadway, was called as a witness for the contestants and said the Slicer in his lifetime had made it a practice to come and sit in a chair in front of his store and in this way he got to know many very well. One day while they were sitting there talking Baumgarten stated that something was said about the fact that Miss Harriet Carpenter of Alameda had come in for some money and Slicer had then replied, "Well, she will never get any of mine."

Baumgarten stated that Slicer had lunched out in a restaurant with his children and told him how they had no use for him except that they thought they might get out of him. On different occasions after that he had spoken of his Alameda relatives with much feeling and stated that he would never leave them a cent. The witness also stated that he had seen in the case being a nephew of the deceased took the stand and stated that his uncle had told him a dozen different times that he did not intend to leave any money to his children. What has he done with his own money, he would ask and would tell the witness that he and his sister should have a large share in his estate. The witness also stated that he had often purchased morphine for his uncle who took it in large quantities. According to the complaint of contestants it is alleged that through the use of large quantities of morphine Mrs. Carpenter and her children had influenced Slicer to make out a will in which he left his sister his entire estate valued at about \$10,000.

HYDE MAKES A STATEMENT

NEW YORK, June 6.—Mr. Hyde gave out the following statement today:

"I have been greatly pained by the assertion in one of the morning papers that I had said of the gentlemen who have said that I resign from the Equitable board that it was fleeing ourselves of dirtwood. In the light of existing conditions these unfounded statements with me are calculated to do me serious harm. As to the gentlemen referred to no one in question then right to withdraw from the Equitable board and while I greatly regret that their point of view did not coincide with mine I do not think the best good of the large interests at stake to be served by resignation."

Alvin W. Kiech, president of the Equitable Trust Company, was before Superior Court today and stated that he was H. D. Winthrop financial manager of the Equitable Society. Mr. Winthrop's resignation from the Equitable board of directors is understood that Mr. Hyde intended to resign from the Equitable board and that the Equitable board of directors is understood that Mr. Hyde intended to resign from the Equitable board of directors.

SAN PABLO AVENUE TO BE BITUMENIZED.

City Council Grants the Permit to the Ransome Construction Company.

San Pablo avenue is at last to be bitumenized. This is one of the many thoroughfares leading out of Oakland through Berkeley to Point Richmond, Port Costa Martinez and, in fact, into all the leading towns of Contra Costa county.

San Pablo avenue is really the Market street of Oakland and the improvement of this street means the advancement of the property over fifty per cent.

For the past two or three years it has been in an impassable condition in certain localities during the winter months.

During the summer months some of the ruts are several feet deep and it is almost impossible to go faster than a walk.

However, when the boundary line of Emeryville and Berkeley is reached, the condition of the street is excellent, thereby making a striking contrast with Oakland.

Last night a permit was granted to the Ransome Construction Company to bitumenize San Pablo avenue. The Ransome Construction Company agreed with the City Council that the remaining property owners who had not already signed would be allowed to do so at the same figure as those who have already signed, provided they signed before the work is started.

This work will be begun without any delay, and when completed, San Pablo avenue will be one of the finest thoroughfares in the State.

BELL THEATER

A well selected program of vaudeville greeted two audiences at the Bell Theater last night. The opening number, "The Little Girl," by the popular musical duo, were the weakest number on the bill and they were not so bad as the adios of this title do passably well although it was noticed that they are not greatly experienced on the stage.

Mr. Wilson, the popular colored melody singer sang a new song accompanied by pretty slides. Howell and Emerson singing and dancing comedians are splendid and if they would cut out some of their long acts they could say that their work is exceptional.

The La Vets are without a doubt the best and most sensational aerial act that has ever been seen in Oakland. La Vets, bicyclists under the name of making the bill a strong one. The aerial pictures were good of the comedy order. Carter Mendel and Burns a trio of splendid comedians assisted by a cast of fifteen people and a chorus of twenty beautifully costumed Indian maidens presented their musical sketch entitled "Life on the Plains" in a splendid manner.

THE DEWEY.

Next Monday is the time set for the opening of the Dewey Theater under the management of Miss Weston. This is a well known theatrical people of San Francisco. The attractions will be Weston and Herbert's refined vaudeville show and a select stock company of twelve people. The farce comedy "My Darling Clementine" will be given. The vaudeville people are said to be clever. Popular prices will prevail 10 and 15 cents being the prices of admission. There will be at least two performances nightly and on Wednesday Saturday and Sunday.

THE NOVELTY.

Howard Thurston the master magician is giving his last exhibition previous to his departure for a year's trip to Australia and Japan at the Novelty this week. Mr. Thurston has the reputation of being the world's master magician. He has a great many imitators in all parts of the world but no equals. The tricks and illusions he performs are not only astonishing but seem almost impossible to accomplish.

Miss Myrtle Rockwell and the Melrose twins assisted by six American beauties give a singing act in a most artistic manner. There are nine handsome women in the act. Miss Myrtle Rockwell the operator also performs. Lee Johnson's latest song success, "Good-bye, Georgia," with illustrated slides in a manner that meets with approval. Mr. and Mrs. Hall are clever artists in their line and were well received. There are also two reels of moving pictures, both of which are comical and interesting.

EMPIRE THEATER

A new program was presented at the Empire Theater last evening. Gene King was the first to appear in songs and then introduced Nettie a thoroughly good singer.

The Carlson sisters are singing "I Want to Be a Soldier" assisted by a chorus.

Tiget and Daniels are a pair of good comedians who bring forth hearty applause in answer to their puns. Dirden and Dunlap appear in a skit, permitting Miss Dunlap to introduce "Rags."

The Loretta twins are clever and graceful performers.

The usual matinee will be given throughout this week.

The program in its entirety is a good one and is deserving crowded houses.

PLACED ON RECORD

The Realty Syndicate has placed on record transfers to it of 62.34 acres of land along the line of the old California and Nevada Railway near the Mathews tract between San Pablo Avenue and Doughty way in Berkeley. James Fowler has given Clarence Mosser a contract for the erection of a 2-story house in Alameda to cost \$7,400.

J. F. Mulouenet has given Bernard Rankin a thirty acre mortgage on the Club Stable at Harrison and Twelfth streets for \$2,500.

Peter Fletch has sold his saloon business at Seventh and Kirkham streets to Herman Voigt.

CLOSING AFFAIRS

LONDON, June 5.—The Bank of Glynn Mills Cutria and Company petitioned the courts to order a compulsory winding up of the International Bank of London. The petitioners are creditors for upwards of \$1,000,000. The application was adjourned for three weeks in order to see if the shareholders of the International Bank will agree to voluntarily wind up its affairs.

COACHMAN SEEKS DAMAGES

SUIT BEGUN FOR \$10,000 FOR INJURIES RECEIVED IN ACCIDENT.

The taking of evidence in the suit brought by Ernest Parkin, coachman for Dr. J. M. Shannon for \$10,000 damages against the Grayson-Owen Company began this morning with the complaining witness himself taking the stand on his own behalf. According to the allegations of his complaint a runaway team belonging to the defendants had run into the buggy in which he and Dr. Shannon were driving at Broadway and Sixteenth street and severely injured him. The suit is based on the charge that the horses had not been properly tied and that in this way the Grayson-Owen Company had laid itself liable for the damages occasioned by its horse getting away.

Parkin was badly hurt about his left knee and rolled up his trousers on the witness stand and let the jurors see and compare them. The left knee had been operated on and he had spent several months in the hospital with a plaster cast about it. The injured knee plainly showed that it was not in its proper condition. It could not be bent further back than at a right angle and the other could be closed considerably further. It had a long seam up the inner side and it looked dwarfed and pinched alongside of the good one. Parkin stated that he never had any trouble with it before that time and its condition was due solely to the accident in which it was hurt.

Dr. Shannon took the stand and told of his narrow escape in which he had been thrown out of his buggy and dragged along the sidewalk for seventy-five feet in his efforts to stop his own horses from getting away.

Police Officer D. Tobin testified that he had passed the scene of the accident a short time before the accident that part of the street being on his beat and that one of the horses seemed very nervous, and that he had walked up to it and patted it, trying to quiet it. A little later he found the same team of horses in collision with Dr. Shannon's horses. The horse that he had patted had a small piece of hitching strap attached to its bit that had been broken off within a foot or so of the bridle.

Attorneys Stanley Moore and B. H. Griffin represent the plaintiff while Frank Deering and H. H. E. Epy are defending the case for the Grayson-Owen Company. There is little or no denial of the fact that Parkin received serious injuries in the accident, but on the part of the defendants it is claimed that they were not negligent and did not contribute to any negligence as the horses were fastened. On the other hand it is alleged that the strap was a light hitching strap that had been mended with a rivet and was in no way a protection against such an occurrence.

PLEA MADE FOR CHILDREN

CIVIC IMPROVEMENT CLUB FAVORS PLAY-GROUNDS.

At a meeting of the Oakland Civic Improvement Club held June 1, it was unanimously decided to lend their efforts to securing play grounds for the children. This in mind they present the following plea for the children.

A PLEA FOR THE CHILDREN

The city of Oakland has over 14,000 school children who are soon to have a long summer vacation and the question presents itself as to whether or not the city is doing its duty by them during the time they are out of school. Are we not in the habit of thinking that when we have provided a free public school for our boys and girls we have done our full duty by them? The school were established for the purpose of training the children so that they may become good and useful members of the community. Are there not other things that may be done to help in the same direction? The greater part of the life of a boy or girl is not spent in school and the average child living in a city must, of necessity, use the public streets as a playground or else be prevented from getting the necessary exercise or recreation. A child cannot be healthy physically, mentally or morally without relaxation, exercise, fresh air and sunshine. These can be obtained to some extent but not satisfactorily in the streets but it is not fair to force the children to use the streets as play grounds. The city has not intended and are not for the purpose.

CITY SHOULD PROVIDE.

It is as important to the community that the growing generation be kept physically as well as mentally, and we do it by our boys and girls if we give them a liberal education at the same time throw them out on the streets to get the physical exercise and training that is so important to them. That the city should furnish proper play grounds for its children cannot be successfully disputed. That such play grounds would fill a great want among the children is demonstrated by the crowds of boys to be seen playing in the vacant lots. As the city should furnish proper play grounds for its children cannot be successfully disputed. That such play grounds would fill a great want among the children is demonstrated by the crowds of boys to be seen playing in the vacant lots. As the city should furnish proper play grounds for its children cannot be successfully disputed. That such play grounds would fill a great want among the children is demonstrated by the crowds of boys to be seen playing in the vacant lots.

UNHAPPY COUPLES SEEK COURTS

BERKELEY WOMAN CHARGES HER HUSBAND WITH CRUELTY.

Charging her husband with cruelty, Edna Wright, wife of William R. Wright of Berkeley, has brought an action of divorce. Wright conducts a cigar stand and candy store on Center street and his place is made the headquarters of many University students. Troubles have accumulated on Wright's late, and what with other difficulties, he must now answer the charges made against him by his wife. They have two children.

Suit for divorce was brought this morning by Louise P. Hinton against Roger B. Hinton, whom it is believed at the present time is living in Texas. The plaintiff states that they were

married in Atlanta, Ga., in 1896, but that for several years past she has had to support herself, owing to the fact that he drove her from the house by reason of his indulgence in drink, at which time he abused her.

The trial of the divorce suit brought by Margaret Lewis against Winfield S. Lewis, whose business is to cover steam pipes and boilers, was partly heard before Judge Waste yesterday afternoon, at the conclusion of which Judge Waste intimated that a case of cruelty had hardly been made out, and he continued the matter to allow Attorney Hynes to gather more evidence for his client.

The pair lived originally in the Mission in San Francisco, and the wife alleges that he slapped her face on one occasion and that he struck her and otherwise abused her. Lewis, when he took the stand, admitted that there had been some ill feeling between them on account of a man by the name of Phelps, whom he said he thought was trying to supplant him in his wife's affections. Lewis stated that he would not charge his wife with wrong doing, as the most he had ever seen was that she would stop and talk to Phelps sometimes for half an hour. He admitted having watched her a number of times. On one occasion his wife denied having talked to Phelps when he had seen them together, and that caused him to become somewhat suspicious. He contradicted her and as she had little corroborative testimony, the evidence was not conclusive.

An interlocutory decree of divorce was granted Frances C. Baker from George G. Baker by Judge Melvin this morning, on the ground of desertion. She was also awarded the custody of the child Doris.

RUSSIA EXCITED

May Realize Popular Demand For Parliamentary Regime.

ST. PETERSBURG, June 6.—The details of the epoch making battle of the Sea of Japan which are drifting in here through the foreign press, and even the question of peace or war, are almost ignored in contemplation of the more absorbing internal situation created by the sudden elevation of Governor General Trepoff to the office of assistant minister of the interior, making him virtually dictator with the dark vision of a policy of reaction and repression.

Yet the Associated Press was informed on high authority today that Trepoff's appointment only tells half the story and that there is a brighter side to the picture. As intimated in these dispatches last night it will come in the shape of an imperial manifesto to which will possibly be issued tomorrow, the Emperor's birthday, or on Thursday, the festival of the Ascension, and will immediately realize the popular demand for a parliamentary regime, by creating a legislative assembly consisting of two houses.

The lower house will be called the Gosudarstvennaya Duma, "imperial duma," and the upper house Gosudarstvennaya Sovet, or the present council of the empire. While the upper house will enjoy the preponderance and power, the lower house will also have legislative functions and the right to interpellate ministers, the plan also involving the responsibility of ministers.

Delays in the elaboration of the machinery of election will be caused by the employment of the law of 1864 under which land owners and property owners in the cities and villages, including peasants, elect representatives to the Zemstvos which in effect places representation on a property basis.

The Emperor retains the complete control of the legislative assembly with the right of veto and power to dissolve assemblies and order the new elections. The assembly will be presided over by a member of the Emperor's choosing. Members of the assembly will be elected for three years. Ministers and chiefs of bureaus will be members ex officio of the legislative assembly. Should the above information prove accurate as there is every reason to believe it is, the prediction of the Liberals at the opening of the year that the Emperor of Japan would give a constitution to Russia appears about to be realized.

But if the iron hand of Trepoff is to be grafted in, it is extremely unfortunate that the Russian Emperor did not couple Trepoff's appointment with the issuing of the manifesto as the announcement of the appointment of the former with no palliative has created something like public consternation. The press seems dazed. Most of the papers are unable to understand fully what it means and refrain altogether from comment but those who do in a spirit of gloomist forebodings, seeings in the appointment that the Russian people have again bowed down under the yoke of the police. The Slovo asks:

It is possible that the convocation of a popular assembly will be delayed and that a new and heavier police will be used to stifle the people's protest for the government to attempt to rule through the police alone will seal ruin and inevitable consequences—a popular revolt, bloody strife and civil war. Possibly this is only a nightmare, a horrible dream, but if so the government must forthwith dispel the doubts regarding its intentions concerning the convocation of a national assembly.

BOOK OF BOOKS

Over 30,000,000 Published.

An Oakland lady who has a taste for good literature, tells what a happy time she had on "The Road to Wellville."

"I drank coffee freely for 8 years before I began to perceive any evil effects from it. Then I noticed that I was becoming very nervous, and that my stomach was gradually losing its power to properly assimilate my food. In time I got so weak that I dreaded to leave the house—for no reason whatever but because of the miserable condition of my nerves and stomach. I attributed the trouble to anything in the world but coffee, of course. I dosed myself with medicines, which in the end would leave me in a worse condition than at first. I was most wretched and discouraged—not 30 years old and feeling that life was a failure!"

"I had given up all hope of ever enjoying myself like other people, till one day I read the little book 'The Road to Wellville.' It opened my eyes, and taught me a lesson I shall never forget and cannot value too highly. I immediately quit the use of the old kind of coffee and began to drink Postum Food Coffee. I noticed the beginning of an improvement in the whole tone of my system, after only two days use of the new drink, and in a very short time realized that I could go about like other people without the least return of the nervous dread that formerly gave me so much trouble. In fact my nervousness disappeared entirely, and has never returned, although it is now a year that I have been drinking Postum Food Coffee. And my stomach is now like iron—nothing can upset it."

"Last week, during the big Conclave in San Francisco, I was on the go day and night without the slightest fatigue, and as I stood in the immense crowd watching the great parade that lasted for hours, I thought to myself, 'This strength is what Postum Food Coffee has given me!' Name given by Postum Company, Battle Creek, Michigan. There's a reason. The little book 'The Road to Wellville' may be found in every package."

DELCASSE RESIGNS

No Longer Appears in Foreign Affairs of France.

PARIS, June 6.—M. Delcasse today presented his resignation and definitely retired from any further direction of the foreign affairs of France. His resignation was submitted at a meeting of the Council of Ministers held at the Elysee Palace under the presidency of President Loubet. The council opened at 1:10 p. m. and lasted nearly two hours.

The meeting aroused deep interest, owing to the belief that the Moroccan situation would result in a ministerial crisis. M. Delcasse, in submitting his resignation, explained the reasons leading up to his action. He said he recognized that differences of view had arisen between himself and his colleagues relative to the execution of the foreign policy of France, particularly concerning the direction of the negotiations with Morocco.

Therefore he had believed it to be desirable, in the interest of the ministry and of the country, to place his resignation in the hands of the President.

Premier Rouvier, in responding, expressed the regrets of his colleagues, adding a tribute to M. Delcasse for past services. M. Rouvier thereupon announced that he would take all interim duties as Minister of Foreign Affairs.

Later it was announced that M. Rouvier would hold the portfolio of Foreign Affairs indefinitely, probably yielding the ministry of finance (which he directs in addition to being Premier) in order to devote his entire attention to the solution of the troubled foreign situation.

The final meeting between M. Delcasse and his colleagues developed unusual interest.

M. Delcasse himself said the divergences formerly existing had reached a stage where he found all his colleagues opposed to him. Therefore, he added, it only remained for him to surrender his portfolio.

M. Delcasse's retirement from the council chamber brought out numerous evidences of personal esteem which, however, did not remove the somewhat painful feeling caused by his resignation, allowing a divergence of views.

M. Rouvier will take up the affairs of the Foreign Office tonight. If he decides to eventually select a successor, it will probably be one of the ambassadors, Jules Cambon, formerly at Washington, and M. Barrere, now at Rome, being the most prominent under consideration.

Diplomats attach much importance to M. Rouvier's taking up foreign affairs, as they regard him as being a statesman of unusual force. They foresee marked results in the various pending international questions from M. Rouvier's direction of foreign affairs.

The change in the cabinet is expected to ameliorate the Moroccan situation, first because Germany, being satisfied with the fall of the minister who ignored her during the early stage of the Moroccan negotiations, will now be disposed to treat in a more friendly spirit with his successor, and also because the new policy of France will probably seek to secure Germany's co-operation rather than prolong the resistance to Germany's claims.

THISTLES AND DANDRUFF.

An Interesting Parallel and a Valuable Deduction Therefrom.

Cutting down thistles no more relieves the land of thistles than does securing the scalp cure dandruff. In each case permanent relief can only come from eradicating permanently the cause. A germ that plows up the scalp in searching for the hair root where it saps the vitality, causes dandruff, falling hair, and baldness. If you kill that germ, you'll have no dandruff but a luxuriant mass of hair. Newbro's Herpicide is the only hair preparation in the world that cures dandruff and falling hair by killing the germ. adopted. The yachts will be towed by launches. The Twelfth street bridge as well as the Fruitvale avenue bridge will be decorated with electric lights, and the shores of the canal where the celebration is to occur.

President Corham of the City Trustees stated that he would loan two launches, each to tow the two yachts. Many of the launches will be secured. The display practically reproduces the famous Alameda water carnival several years ago.

There will be an automobile parade, elaborate display of fireworks, and other attractions.

The Fourth of July Fund is now over the \$1000 mark. Assistant Secretary Frost of the Oakland Transit Consolidated stated last night that his company would donate \$100. The Bank of Alameda has given \$25, and citizens and business men are contributing liberally.

COUNCILMEN LOOK AFTER INTERESTS OF TAXPAYERS

LIVELY SCENE IN COUNCIL CHAMBER LAST NIGHT.

Appointment of Dan Doody Causes Bitter Debate—Elliot Accuses and Apologizes.

As a result of twenty minutes' exciting deliberation at last night's meeting of the City Council Former Secretary Daniel W. Doody of the Board of Health is now an assistant in the Superintendent of Streets' office and Geo. M. Elliot who was in the Street Department, is now without a job.

During the time this place of legislation was being enacted there was a scene of excitement on the floor of the Council which is seldom enacted in this city.

Councilman Elliot of the Second Ward in a blaze of oratory characterized President Fitzgerald and Councilmen Aitken, Baccus, Hahn, Donaldson and McAdam as "six conspirators."

Councilman Burns of the First Ward who was a party to the resolution placing Doody in office was on his feet in a moment.

"I will not stand for any such language as that. The gentlemen will have to answer to me personally for those remarks. He will have to take those words back and right away."

Burns thundered these words at Elliot whose wondrous flow of language came to a sudden and abrupt stop.

"I did not know that you were one of them," gasped the astonished ward Councilman.

"Well you will have to take those statements back."

"Perhaps my language was a little strong," replied Elliot. I apologize to Mr. Burns."

Councilman Baccus suggested that in apologizing to Mr. Burns that Elliot might apologize to the other six Councilmen and make it general.

Elliot did this with some grace and in referring to the "six conspirators" thereafter used the words "six gentlemen."

A collision on the Council floor between Mr. Burns and Mr. Elliot was

COUNCILMEN TRY TO DROP MOTT'S APPOINTEE.

Ordinance Introduced to Regulate the Sanitary Inspectors of the City.

President Fitzgerald of the City Council last night introduced an ordinance providing that no person shall be employed as a Sanitary Inspector or an Assistant Inspector until he has passed an examination, such as is provided for master and journeyman plumbers. The object of the ordinance is to secure competent inspectors for the city.

There is much dissatisfaction among the plumbers and others with a part of the sanitary force at the present time. It is alleged that Assistant Sanitary Inspector Denton has not the qualifications or the knowledge of plumbing to properly perform his work as an inspector.

The Board of Health at the present time requires that all plumbers shall take an examination as to their qualifications. President Fitzgerald states that he believes that the person who inspects this work should at least be compelled to have the same knowledge as the plumber.

Denton was named by Mayor Mott for the position of sanitary inspector in place of Charles Strassburg, who was removed.

Fitzgerald's ordinance makes it a misdemeanor for any person ignorant of plumbing to fill the position fixing the maximum penalty at a fine of \$100.

As the ordinance is aimed at Denton, Mott's appointee, it is probable that the Mayor will veto the ordinance should it be passed to him. There are, however, seven votes in the Council which will support the measure with the probability of one or two more. It is figured that on a pinch there will be a sufficient number of votes to pass the ordinance over the Mayor's veto should he use his prerogative in an endeavor to keep his appointee in office.

but narrowly averted.

CALL TO ORDER.

President Fitzgerald rapped Elliot to order and directed him to take his seat when he was in the height of his passion but Elliot did not cease talking until Councilman Burns advanced toward him threateningly.

President Fitzgerald was about to fine Mr. Elliot and also have him removed from the Council chamber by the police when Councilman Burns' warlike action caused Elliot to become less denunciatory in his manner.

The events leading up to this sensational episode in the Council chamber were in themselves simple enough.

DOODY THE CANDIDATE.

There is a vacancy in the Street Department which has not been filled. After Mayor Mott removed Dan Doody from the Board of Health against the expressed wish of the majority of the Council, the offended Councilmen decided to place Doody if possible in the Street Department and take the appointment out of the hands of Mayor Mott, who could not be reasonably supposed to be in sympathy with Doody.

Last night before the Council met the Street Committee consisting of McAdam, Baccus, Donaldson, Aitken and Burns met in the anti-chamber of the Council and drew up the following resolution:

"Resolved that resolution No. 29,715 adopted February 13, 1905, authorizing the Superintendent of Streets to appoint an assistant is hereby rescinded.

"Resolved that D. W. Doody be and he is hereby appointed an assistant clerk in the office of the Superintendent of Streets and his salary is hereby fixed at \$125 per month."

The following communication accompanied the resolutions:

"City Hall, Oakland, June 5, 1905.—To the Honorable City Council of the City of Oakland—Gentlemen: Your Street Committee beg leave to recommend that the Council adopt first, a resolution rescinding No. 29,715, adopted February 13, 1905, authorizing the Superintendent of Streets to appoint an assistant clerk, and

"Second, that the Council adopt a resolution appointing D. W. Doody, as assistant clerk in the office of Superintendent of Streets, fixing the salary of said assistant at \$125 a month. Respectfully submitted, Alexander McAdam, William J. Baccus, G. E. Aitken, W. A. Donaldson, H. T. Burns.

ELLIOT TALKS.

The moment these resolutions were read Elliot was on his feet. He said: "I protest against any such procedure. I do not believe that the Council had a right to send in these resolutions. The resolutions should be placed before the Council first and then referred to a committee. It is an outrageous proceeding and I will not stand for it. It is the work of conspiracy. These six conspirators have gotten together and framed a thing which they wish to rush through. It is the most bigoted and arrogant procedure I ever heard of."

It was at this juncture that Councilman Burns took a hand in the proceedings and compelled Elliot to withdraw the resolutions. He said: "I have a report before me signed by all of the Street Committee. I have no choice in the matter but to entertain what is presented."

Elliot—Is that your decision?

President Fitzgerald—Yes.

Elliot—I then appeal from the decision of the chair.

Pendleton—I second the motion and suggest that Councilman Thurston or

BOND ISSUE TO RAISE MONEY FOR SEWERS.

City Engineer Turner Makes Some Suggestions About Needed Improvements.

The following communication from City Engineer Turner relative to sewers and involving the expenditure of about \$200,000, necessitating the calling of a bond issue, was referred to the committee of the whole by the City Council last night:

"Gentlemen: I beg to draw your attention to the necessity of immediate repairs and extensions to several main sewers, especially along the water front of our city. Work of improvement by the Southern Pacific Railroad Company and the filling in of the tide lands out to the United States bulkhead line has already cut off or collapsed the outlets of several existing sewers. Of these emergency cases some have been repaired by the city and others need to be at once. Still other work already projected will largely increase such troubles. The expense even for temporary repairs is liable to cost considerable sums, more than is available out of current revenues."

"After a conference with the Mayor, therefore, I beg to suggest that your honorable body appoint a committee to confer with the Board of Public Works and consider ways and means of building in a permanent manner these defective mains and outlets."

"The sewers needing attention are as follows:

"Main lake sewer, west of Adeline street—This is of wood and is in bad condition. It is over twenty-five years old and should be rebuilt and extended into the bay. Cost about \$75,000.

"Water front sewers in West Oakland—These are vitally necessary. The mains are in soft, filled-in ground, and are too small, not being designed for storm water, although catch basins have been connected to them since they were first built. The railroad improvements have caused serious trouble and radical changes are necessary. Cost about \$15,000 to \$20,000, probably.

"East Oakland outlets—The Twenty-second, various sewer, needs an outlet.

"Cost about \$10,000. Eighth, Ninth, Tenth and Eleventh avenues are already blocked by the tide land filling. An intercepting sewer with a single outlet will cost about \$5,000 or \$6,000, probably.

"Commerce street sewer, south of East Twelfth street, is an old wooden box, in bad condition, needing immediate attention. Cost about \$5,000, probably.

"East Side sewer—Now empties into narrow channel near entrance to Lake Merritt and should be extended to eastern edge of city, making some five years ago. Carries sewage of Piedmont as well as large Oakland district and must be of large size, as grade is very flat and volume of sewage increasing. Cost about \$40,000, probably.

"Water front sewers between Oak and Linden streets are, in many cases, wooden boxes and need repairs and extension out toward the channel. Cost possibly \$10,000.

"Adeline street storm sewer—Wooden box now in street is temporary and beginning to decay. It is impossible to take care of the storm water carried by this surface without flooding Golden Gate. Cost about \$10,000.

"Market street sewer—This is a large branch main running north from Thirtieth street sewer and is needed to complete the sewer system. The people have been assessed lately for an expensive system of mains and lateral. Cost about \$35,000.

"These costs are only very rough guesses and are not to be considered as estimates. They are given merely for the purpose of conveying an idea of the probable expense involved. The total approximates \$200,000.

"In connection with this subject I beg to call your attention to the fact that as far back as 1889 a report was made to the Oakland City Council by Rudolph Hering on the question of the Oakland sewer system. In his report he proposed large intercepting sewers and a pumping plant, the estimated cost of construction being about \$125,000. My opinion is that this plan can be modified materially and give an adequate system and the pumping plant be eliminated for all except a small portion of the city."

Aitken takes the chair.

By consent Councilman Aitken took the chair.

"Is the decision of the chair sustained?" asked Aitken. "Those sustaining the chair may do so by voting aye."

FITZGERALD SUSTAINED.

Baccus, Burns, Donaldson, McAdam, Hahn and Aitken then voted to sustain the ruling of President Fitzgerald, who did not vote.

Messrs. Pendleton, Thurston and Elliot voted not to sustain the chair.

Just before the clerk read the result of the vote Councilman Messrs. was on his feet.

"Mr. Chairman, I change my vote to aye, and move for a reconsideration."

This was a clever bit of parliamentary work as it tied the hands of

the majority of the Council until the next night when the reconsideration will be had.

When the vote was taken on the resolution appointing Doody, Pendleton asked Assistant City Attorney O'Brien whether the Board of Public Works was not in full charge of the Street Department.

"The charter provides," said the assistant city attorney, "that the Board of Public Works shall appoint the Superintendent of Streets. It makes no provision otherwise. It is the same as the Council appointing the City Wharfinger, who is not provided for by the charter."

On the resolution appointing Doody the same vote as above was recorded, seven for and four against was recorded.

Messrs. again changed his vote and moved for a reconsideration, which will take place Monday night.

On the resolution appointing George M. Flint from his position as chief deputy, his place has not been filled by an appointment although Flint has been acting as such. All that will be necessary to permit Mr. Flint to draw the same salary he now collects is for the Board of Works to name him for the vacancy, at its meeting on next Wednesday.

ROUTINE MATTER HANDLED BY THE COUNCIL

Petitions, Protests and Ordinances Discussed at the Meeting Last Night

At the meeting of the City Council last night there were present Councilmen Aitken, Baccus, Burns, Donaldson, Elliot, Hahn, Messrs. McAdam, Pendleton, Thurston and President Fitzgerald.

WIRES UNDERGROUND.

The ordinance requiring that all electric wires, save those used by electric car companies, be placed underground in the city within the fire limits was read last night for the first time and referred to the committee of the whole, where it will be thoroughly thrashed out. The ordinance was accompanied by a letter from Mayor Mott expressing the hope that the ordinance would be speedily passed.

BICYCLE ORDINANCE.

The new bicycle ordinance imposing a minimum fine of \$5 for the riding on the sidewalk by a pedestrian without dismounting, was passed to print, unanimously last night.

OPEN STREETS.

A resolution directing that the Oakland and East Side Railroad Company and the Realty Syndicate comply with an agreement for opening and extending streets north of Yerba Buena avenue, and to construct a bridge over said avenue was adopted.

WILL REPAIR WALL.

A resolution authorizing the appropriation of \$499 for the repair of the wall at the foot of Jackson street was adopted. There was some opposition to rushing the measure through without investigation but on the word of Councilman Pendleton in whose ward the work is to be done, the Council passed the resolution on the ground that it was an emergency measure.

AWARD CONTRACT.

The bid of the Oakland Gas, Light and Heat Company for furnishing the city light on an all night schedule of \$7.25 per lamp was accepted. The bid of the company was about \$3000 less than last year.

NEW ORDINANCE.

The ordinance regulating the speed of trains and the blowing of whistles introduced by Councilman Burns was referred to the Ordinance and Judiciary Committee, where a general oration will probably be prepared.

PLANS ADOPTED.

The plans prepared by the City Engineer for grading, curbing and macadamizing Harrison street boulevard between Boulevard Terrace and Twenty-fourth street were adopted.

CITY WHARVES TANGLE.

City Clerk Frank R. Thompson informed the Council that the Piper, Allen & Goodall Company, which bid \$400 for the use of the city wharves has failed to make good. The communication was referred to the City Attorney for a report. The Diamond Freight Company, which is the next highest bidder, has not qualified either.

City Wharfinger Greer has asked the Council for instructions as to what to do with the city wharves. The Diamond Freight Co are now occupying the space, paying the city \$75 a month.

GRANT WILCOX LEAVE.

The petition to grant School Director Wilcox 30 days' additional leave of absence was granted. Dr. Wilcox is said to be in poor health. He is now traveling in the East.

CITY GETS CHECK.

A check for \$50.05, representing the expense connected with the preparations for holding a municipal election with voting machines, has been forwarded to the city clerk by the Standard Voting Machine Company.

REPORTS.

Foundmaster Zabel reported as follows: Dogs impounded 191 redeemed, 19 sold, 6 killed 146, on hand 20. Horses impounded 11, redeemed 9, killed 2. Cows impounded 12, redeemed 12. Goats impounded 2, redeemed 2. Dead dogs removed from streets 37. Dead cats 53. Total receipts 123.50.

Approving the diagram submitted by the City Engineer of the property to be assessed for the construction of a sewer in East and West Moss avenue at all streets, and for grading, curbing, macadamizing, etc., of portion of Shattuck avenue and Telegraph avenue. Adopted.

RESOLUTIONS OF INTENTION.

The following resolutions of intention were adopted:

Of intention to sewer Capell street from Excelsior avenue to Peralta avenue.

Of intention to sewer Forty-eighth street from Temescal Creek to Shattuck avenue.

Of intention to sewer East Ninth street between Sixth and Seventh avenues.

Of intention to sewer Halcy street from Hopkins street to a point 250 feet southeasterly.

Of intention to sewer Clinton street from Nineteenth avenue to a point 110 feet easterly.

Rescinding all proceedings for the paving of portion of Telegraph avenue. Adopted.

Changing the grades on East Twenty-fourth street from the eastern boundary of the city to a point 400 feet east of Twenty-first avenue. Referred to the City Engineer to report.

Accepting map depicting strips of land to be a portion of Hawthorne avenue. Adopted.

ORDINANCES.

Ordinances were disposed of as follows: Changing width of sidewalks on Linda avenue in the city of Oakland to ten feet. Referred to Ordinance and Judiciary Committee.

Fixing the minimum thickness of macadam to be used in the city of Oakland at eight inches in center and six inches at curbs. Referred to Street Committee.

Fixing salary of Assistant City Attorney at \$150 a month.

Fixing the salary of clerk and stenographer in the Board of Public Works at \$100. Adopted.

PETITIONS.

Petitions were acted on as follows: From the executive committee of the Improvement Clubs of Oakland, asking for the use of the Council Chambers. Referred to the Board of Public Works.

Change made in water way, between Moss avenue and Fourteenth street. Referred to Street Committee.

For an electric light at Tenth and Magnolia street. Referred to Board of Public Works.

From Piedmont Paving Company to grade, curb and macadamize Thirty-second street from Berkeley to Baker street. Referred to Street Committee.

LIQUOR LICENSES.

The following liquor licenses were granted: Broas & Piers, 582 Broadway; Charles Dubronz, 2005 Peralta street; P. Cavanaugh, 275 B street; William Breckenridge, 1805 Seventh street; W. A. Hahn & Murphy, 1791 Seventh street; Kalich & Lapovich, 448 Seventh street; Jacob Wehrli, 809 East Fourteenth street; Joao Pavao, 1501 Fifth street; M. E. Cayello, 8 E. ROBBED NEAR THE PRISON

Charles H. Pinneo Says He Was Relieved of \$72.

Charles H. Pinneo, residing at 56 Fourteenth street, reported to the police this afternoon that he was held up and robbed last night about 11 o'clock at the corner of Fourteenth and Clay streets.

He alleges that the robber secured \$65 in gold and \$3 or \$4 in silver.

According to Pinneo's statement he was about 100 feet along Clay street when he was confronted by a footpad with a revolver.

The robber took a gold watch from the victim's pocket, but after investigating the watch he decided it was

not gold, so he returned it. Planned was then allowed to proceed to his home.

Early Reductions in Millinery and Suits

The backwardness of Summer and the early closing of the schools has somewhat disturbed the season; May's unfavorable weather caused many to delay their summer purchasing—and these three facts, while not giving us much satisfaction, are responsible for giving you a grand opportunity to save money on seasonable goods, long before the usual time for reducing prices.

Every Hat Price-cut

No qualification to the above remark; good as the values were, they are now a great deal better.

Among the beautiful Dress Hats and the ready-to-wear Hats are many of the most attractive and stylish of the season. But there are too many of them, and we have determined on getting rid of them before the ladies of this vicinity go on their vacation.

Details of prices would take too much space but let this suffice—that all are substantially reduced in price and each shows the reduction in plain figures—no hieroglyphics.

Reductions in Flowers

In order to make it as economical as possible for you to trim your own hats, we have taken several good lines of flowers and foliage and have put the prices away down.

Silk Specials

Fancy silks in a good range of colors and patterns; 19-inch wide; in two grades; 58c and 90c yd.

Lining Silk

Samson Lining Silks in all colors; black and cream; 19-inch wide—guaranteed to wear—58c.

Dress Goods

SPECIALS

46-in. Etamine of good medium weight, for summer skirts or suits, in colors of brown, navy, royal, gray, black—special—65c.

46-in. mixed tweeds in plaid effects, light shades; brown, gray, tan, blue; regular 85c value—69c.

Money-saving Stylish Suits

The regular system of Lace House pricing in the Cloak and Suit Section is such that each garment may almost be considered a "special." What then, shall be said when many of these prices are so greatly lessened as they are this week? We have just gone through the department and in the reduction-man's trail stylish suits of silk, Venetian, broadcloth, panama, good mixtures in all seasonable colors have been re-marked with such figures as cannot fail to surprise you. The details of the price-cutting are not ready as this advertisement is written but all will be in readiness by the time you read it.

You'll certainly find what you want in style, quality and price, so come—and with confidence.

Children's Dresses

All the summer dress needs of the growing generation from 6 months to 14 years can be supplied here, in ginghams, percales, chambray—solid colors, checks, stripes—all neatly trimmed.

In ages to 6 years the prices begin at 25c; for the bigger ones to 14—prices begin at 50c.

RIGHT OF WAY FOR A RAILROAD

SANTA CRUZ, June 6.—The City Council last night granted the application of the Ocean Shore Railroad for rights of way for the railroad which it is building between this city and San Francisco.

Secretary Bert Corbett of the company promised that construction work would be commenced tomorrow at this end. The road is to be run by electricity, but the franchise was granted for a steam road, so as to bring the line into that classification under the State

law which grants certain privileges to steam roads.

The Southern Pacific made the first move in court today to block the progress of the new road by bringing suit in the name of the Coast Line Railway to condemn rights of way of three pieces of property near the beach upon which the Ocean Road has secured options for a depot.

The Southern Pacific has secured control of two pieces of property which the Ocean Shore line needs for continuous right of way, and a battle is expected in the courts. The Ocean Shore had 100 men grading at Waddell beach today.

HER INSANITY IS INHERITED

A peculiar case of inherited insanity was developed today in the case of Mrs. Mary Lunstedt whose examination took place this morning before Judge Ogden. During the examination it transpired that two brothers, a sister and a cousin of the woman were already inmates of different asylums. The Lunstedts live in West Berkeley and the husband is a sailor and they have one boy, both of whom were with the mother in court this morning.

Lunstedt stated that his wife had chased both him and the boy around the house with a large knife and had threatened to kill them and that she had become so violent of late that he was afraid that she might carry out her threat. She was adjudged insane by Drs. Knox and Derrick and was committed by Judge Ogden to the Stockton asylum.

FAREWELL DINNER.

NEW YORK, June 5.—A farewell dinner has been given here by the Presbyterian Board of Foreign Missions to about 200 men and women missionaries. Many of them will leave for their respective fields at the conclusion of the board meeting. This band of missionaries is one of the largest that has ever left this country. Most of them are young Presbyterians, clergymen and physicians.

KNIGHTS ATTEND CHURCH

Archbishop Montgomery Delivers An Eloquent Sermon.

LOS ANGELES, June 6.—Today opened bright and fair, promising well for the pleasure of the visiting Knights of Columbus. The chief event of the forenoon was the celebration of a solemn pontifical high mass in the cathedral of St. Vibiana. The capacity of the church being limited, admission was by card; yet long before the services began the building was filled to its utmost capacity. Bishop Conaty was the celebrant, with Mgr. P. Harnett as assistant priest. Very Rev. S. J. Glass and Rev. George Donahue were assistant deacons at the mass, and Rev. George Seibert and Rev. P. Schur were deacon and sub-deacon, respectively. Rev. Joseph Kaiser and Rev. James Reardon acted as masters of ceremonies. Assistants to Archbishop George Montgomery were Rev. Pius Murphy, O. P., and Rev. Joseph H. McQuaide, state chaplain of the Knights of Columbus; the assistants to Bishop O'Reilly of Oregon were Rev. Raphael Fuhr and Rev. J. J. Clifford; other prominent members of the clergy also aided in the ceremonies. An elaborate musical program was rendered by the cathedral choir under the direction of Rev. Thomas Fahey, and Gregorian chants were recited in the sanctuary by a choir of priests, led by Very Rev. Raphael Fuhr. The sermon, which was both eloquent and impressive, was delivered by Archbishop Montgomery of San Francisco.

Following the religious exercises the National Council was called to order at the Angelus Hotel by Supreme Knight Hearn, who used for the occasion a gavel made from wood grown in Independence Park, Philadelphia. The proceedings were behind closed doors.

After adjournment the delegates visited Hollywood, where they were the guests of Paul de Longpre, the artist, and were photographed in his famous garden. They also witnessed the dedication of a K. of C. window in the Church of the Blessed Sacrament.

Most of the visitors accompanying the delegates spent the day at Santa Monica, where a varied program of entertainment was provided. A salute was fired by the veterans from the National Soldiers' Home, and music was furnished by the League of the Cross Band from San Francisco. Tonight the Knights will attend the theater in a body.

For the next place of meeting Detroit, Mich., and Birmingham, Ala.

JUDGE GILBERT RULES IN FAVOR OF CITY

SUSTAINS REPORT OF MASTER IN CHANCERY IN OLD WATER SUIT.

SAN FRANCISCO, June 6.—Judge Gilbert, in the United States Circuit Court of Appeals, has overruled plaintiff's exceptions to the report of the master in chancery in the action brought by the Contra Costa Water Company in the federal court to restrain the Council from fixing water rates. Plaintiff was given till July 1 to file an amended answer to the city's answer.

When the action was brought the matter was referred to the master in chancery, who reported that the Council had the power under the State Constitution to fix rates. To this the plaintiff objected. This case has no reference to the action brought in the United States Circuit Court three years ago. At that time an injunction was issued restraining the Council from fixing rates. That injunction has now been dissolved by Judge Gilbert's ruling. The injunctions recently sued out in the United States Circuit Court still stand.

These injunctions restrain the city from putting into effect the rates fixed by the Council in 1934 and 1935.

POLICE JUDGE IS THREATENED

SAN FRANCISCO, June 6.—Hazel Adams, a young and pretty Oakland girl, came up before Police Judge Morgan May 31st on a charge of vagrancy. She had been found by Policeman Springett in a Pacific street dance hall, where she was acting as a waitress. She told the Court she had been there for a month, but admitted that she was hardly 17 years old. She was warned to hie back to Oakland and find honest employment, for if she was

THIRTY PERISH IN THE FLAMES

Seventy-one Which Escaped Will Be Sold Tomorrow.

The fire in our wholesale wareroom entirely destroyed the repair rooms and workshop, totally destroying 30 Pianos; 8 partially so, and 71 escaped without damage of any kind, except a few surface bumps and scratches from being hurriedly rushed together and under cover.

These 71 which escaped (stored on the lower floor) were a portion of our reserve wholesale stock, and among the finest instruments we carry.

The insurance companies treated us royally, paying a large sum cash as settlement of our claims in full, which puts us in a position to do most anything we please with these pianos; and what we propose to do in our great fire sale to those that escaped is to close them out at once at a great discount.

The stock of 71 pianos has been divided between the San Francisco and Oakland stores and will be sold at once.

See these pianos on display and get prices before purchasing elsewhere.

The case was continued until June 7th, but Judge Morgan received a letter yesterday, written in Spanish, and evidently from some male admirer of the girl, which threatened him with all kinds of evil things if he did not cease "persecuting" her. It was signed "La Mafra," but Morgan regards it all as a bluff and will do his best to keep the girl from the pitfalls of Pacific street.

OAKLAND BOYS ARE IN CAMP

SANTA CRUZ, June 6.—Companies A and C of the First Congregational Cadet Corps of Oakland, under command of Major Charles W. Stillwell, have a military camp in the mountains near Ben Lomond. The camp is called Camp Battalion. The cadets will remain in camp ten days. The camp is under the strictest military discipline. The boys rise at 5:30 and taps are sounded at 9:30. The boys wearing khaki uniforms drill every morning. Every afternoon there is a dress parade. A big entertainment is planned for Friday night at Ben Lomond Hall.

SYNDICATE BUYS LARGE TRACT

REDDING, June 6.—An Oakland syndicate, headed by E. E. Pope, has purchased a large tract of land opposite Shasta Springs and will establish an opposition summer resort.

Spoiled Her Beauty.

Harriet Howard of 299 W. 34th street, New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Eucklen's Arica Salve. A quick and sure healer for cuts, burns and sores. See it at Osgood's drug stores, Seventh and Broadway and Twelfth and Washington streets."

WILLIAM IS FOR PEACE

WASHINGTON, June 6.—Regarding the attitude of Emperor William toward the war in the Far East, the Associated Press is authorized to say that from the beginning of the war the Emperor has been anxious for peace. He, however, has refrained from advising either of the belligerents, believing that until one or the other of them should intimate a wish to conclude peace, any intervention or offer of mediation would prove futile. The Emperor, however, has let his strong desire for peace be known.

UNION PACIFIC OFFICE REMOVED

The Union Pacific Freight and Ticket Office has been removed from 1160 Broadway to 44 San Pablo avenue, where the company has fitted up one of the most elegantly furnished offices on this side of the bay. Mr. A. V. Stevenson will have charge of the freight and Mr. H. H. Blaisdel the passenger department. We bespeak for them a liberal share of the railroad business in Oakland, which they have enjoyed so long at their old stand on Broadway.

Salaries in the High School.

In his address to the graduating class of the High School, the Principal referred to the fact that the average pay of a teacher in the High School is less than the pay of a policeman, less than that of a carpenter or a bricklayer. Professor Pond apologized for the digression from the thread of his remarks in saying this, but the apology was unnecessary. It was a fitting time and place to call attention to a fact of grave significance.

As he pointed out, many high qualities are required of teachers in the High Schools. They must be well educated, intellectually strong, well bred, clean in their lives and dignified in their deportment; they must also have a sympathetic insight and an interest in their work. They must be equipped by habit of mind as well as scholastic training for the task of forming character and imparting instruction. They are charged with one of the most important functions of society. They must be disciplined in temper and desire as well as in mind.

Is it fair to pay them such meager salaries? Is it fair to the girls and boys placed under their control and instruction? In every other profession the high qualities and attainments required of them command a much higher remuneration, a much larger measure of personal freedom. Yet we go on demanding a higher standard of teaching and deportment, a much greater degree of general efficiency in the High Schools, while withholding the emoluments the talents and learning employed can earn in other vocations. The condition is anomalous. It is not a healthy promise for the future. It detracts from the dignity of the teaching profession, and in time must affect the efficiency of the schools.

The laborer is worthy of his hire. We have the authority of Holy Writ for that. The hire should be worthy of the labor and the laborer. And surely there is no more important labor than the teaching and training of girls and boys during the critical period when they are emerging from adolescence into maturity. Policemen are necessary, and their services should not be underrated nor underpaid. But the poorer we pay our teachers the poorer teaching our children are likely to get. And if the teaching be inferior there is likely to be a greater demand for policemen. Had Professor Pond chosen to follow up his digression a little further he could easily have explained how apposite his mention of policemen was in connection with the poor salaries paid the High School teachers.

The people of Russia are almost universal in their desire for peace, but the Czar declares for a continuance of the war, and war it is to be unless the other great powers decide to employ pressure to induce the Russian autocrat to treat for peace. This exemplifies the workings of autocracy. The will of the nation weighs nothing beside the ambitions of the despot and the selfish aims of the creatures who surround him. When an empire and its inhabitants can be treated as the private property of an individual, there can be no government in the interests of the people. Inevitably the government becomes an instrument to serve the ends of the ruler and his relatives and personal favorites.

Flunkyism at the Capital.

A criticism of the President has prompted a display of flunkyism which we believe Theodore Roosevelt would be the last man in the country to approve. George T. Angell, editor of "Our Dumb Animals," is an aged man who has devoted his fortune and many years of his life to preaching kindness to dumb beasts. He has been the friend of humanity as well as the friend of animals. He has opposed all forms of cruelty with resolution and enthusiasm. He often makes mistakes, and sometimes carries his theories too far, but the purity and unselfishness of his motives cannot be questioned. He has done much to ameliorate the condition of man and beast, and his little publication, distributed gratis, is a continual exhortation to mercy, charity and kindness. Mr. Angell indulged in a sharp criticism of the President for the wanton slaughter of wild animals on his recent hunting trip. In that criticism Mr. Angell made some incorrect statements on the authority of others, which he has since corrected. It seems, however, that criticism of the President is deemed a heinous offense in some quarters. "Our Dumb Animals" has been denied admission to the school libraries and reading rooms of the District of Columbia—not by the President, but by flunkies who do not comprehend the meaning of free speech nor understand the character of American institutions. It is a display of official toadyism that deserves the contempt of all right thinking people. It is a sorry exhibition for the capital of the nation.

The Petaluma Courier calls the \$2,000 a week Nan Patterson gets for doing a trifling vaudeville stunt the wages of sin. It is also a striking testimony to the value of advertising.

Our auburn-haired friend, Skipio Craig of the Redlands Citrograph, has again been throwing spitballs at "North California." Skipio is about ninety years old as the crow flies, but he has never yet got beyond the pantalette stage of existence. He should come up here and take the fly-by-night course in Schmitztown, and then he would know something about going the route in "North California." But Skip always was queer, and if he should come we suspect he would distinguish himself by blowing out the gas or by investing in a box of hand-painted washers having an orange complexion.

At last the Stockton Mail has found an issue on which the Democratic party—or what is left of it—can unite. It declares in large caps that "the tip must go," and calls on the locofoco brethren to line up against this insidious foe to the pockets and liberties of the American people. The issue is one that fits the Democratic party like the paper on the wall. It is just the right size for the Billy Boys and Tom Taggarts who are running the party.

Several people are in danger of being tarred in the Venezuelan asphalt mess. Minister Bowen is in peril of losing his job in it.

The Market Street Turntable.

The recent improvements in the ferry service have brought into sharper relief the inadequate and primitive method of handling the cars of the Market street system. As the traffic increases there is a more pronounced congestion of cars. The trials, delays and dangers of getting aboard increase in proportion to the growth of ferry travel, but apparently the United Railroads Company has no thought of amending matters. Every day there is to be seen at the foot of Market street the same long row of cars waiting to be switched; the same skurrying crowds rushing to catch the boat or chasing around the cars in the hope of getting seated. Every day people miss their boats because of the blockade of cars caused by the delay in switching.

One turntable is altogether inadequate to handle the great number of cars run on the Market street lines. The cable car and the turntable are slow and ponderous rapid transit devices at best, but when one turntable is required to do the switching for the cars of half a dozen busy lines the system becomes intolerable for its delays and annoyances. The continuous congestion at the foot of Market street make a mockery of the improved ferry service.

The United Railroads should take some steps to better accommodate the increased traffic thrust upon them. The company is not showing wisdom in pursuing "the public be damned" policy. It pays to

serve the public decently. The company should either put in another turntable or devise some more expeditious method of switching their cars. The turntable and its approaches are on State land under control of the Harbor Commission. The Commissioners should exert their influence, if not their authority, in the effort to secure a better handling of the ferry traffic by the United Railroads. Commissioner Spear, President of the Harbor Board, is a resident of Alameda county and is familiar with the inconveniences the public on this side of the bay suffer by reason of the wretched system of switching cars at the ferry. Can he not do something to obviate the discomforts and delays now more painfully numerous than ever before?

We knew it. We knew it would come to this at last. The Grass Valley Union refers to Philadelphia as the Augean Stables.

Emperor William finds fault with Japanese soldiers because they do not keep step in marching. He ignores the fact that they get there just the same, and are not backward about it. There never was a greater military humbug than making whole files of men step as one man. It is only for show in dress parades, where the ground is smooth. On rough, broken ground in the field, it is impossible and attempts to make men line up and walk in unison is ridiculous.

JEFFERSON, HAMILTON, AND UNIVERSITY TEACHERS.

THE OAKLAND TRIBUNE recently has had several editorial articles contrasting the services to this country of Thomas Jefferson and Alexander Hamilton. It is a great admirer of Jefferson, who, it very truthfully declares, was a sincere republican, while Hamilton was always a monarchist. In a recent issue THE TRIBUNE says:

"However, it is futile and a waste of time to discuss Alexander Hamilton with persons whose knowledge of that eminent statesman was derived from reading Webster's oration and Gertrude Atherton's flattering portrait in 'The Conqueror'."

THE TRIBUNE might look nearer home, and it would find the spreading misconception concerning Alexander Hamilton is due in large part to the teachings and lectures of one Prof. H. Morse Stephens, of the University of California, head of the department of history in that institution. In November last, Prof. Stephens told the University students that Gertrude Atherton's "The Conqueror" "portrays better than anything I have read the lives and characters of those closely associated with General Washington."

However, what else could be expected from a man who was thus recently referred to in the editorial columns of our morning contemporary:

"We cannot but recall that in former discourses Professor Stephens has shocked sensibilities comfortably adjusted in relation to our own national heroes—that he has characterized the Declaration of Independence as a 'campaign document,' grilling Washington as more or less of a cad, Lafayette as an incapable and as a trimmer, Jefferson as a moral coward, Grant as a vulgar drunkard and Lincoln as a weakling."

"Private Thinks" in The Bee of April 22nd last, took occasion to say this:

"It is the privilege of Prof. H. Morse Stephens, to hold any opinion he pleases of and concerning the Declaration of Independence. He is an English subject, not an American citizen. When he speaks of the immortal pronouncement of American independence as a 'campaign document,' he speaks as a foreigner. As an Englishman, he has a right to refer to the Declaration as a 'campaign document'—it certainly was a document which inaugurated a campaign which Great Britain will never forget."

"But why should the people of California be taxed to provide a good salary and a comfortable living for a man who sneers and jeers not only at the heroes the American people hold most sacred in their heart of hearts, but at the very foundation stone of all they prize as most dear and most holy—the Declaration of Independence which is read to our children on every recurring Fourth of July, and which, we pray God, may be read every year to their children's children in all the generations that are to come?"

"One of the very first things the University of California should teach is patriotism—patriotism intense, devoted, ever loyal. The University is a part of our school system. The people of California want their sons and their daughters to be LOYAL AMERICANS—they want no man paid out of their pockets to teach those children to hold in contempt everything their fathers held most dear; to belittle the character of our noblest and greatest; to sneer at the sublimest man in modern history, the greatest exaltation of the proletariat since the morning stars first sang together—the man of woe and yet all charity and loving kindness, the immortal Abraham Lincoln."

"They want their sons and their daughters to believe and to know that this Government is founded on the undying principles of Liberty and Human Rights—not on a 'campaign document' such as Mark Hanna or Gavin McNab might have framed."

"It is an offense to American patriotism and even to American manhood that any man, no matter how brilliant, should be kept in a State institution at the expense of the taxpayers, to teach the children of those taxpayers to hold their own country in contempt."

THE OAKLAND TRIBUNE might well ponder over the teachings of Prof. H. Morse Stephens in and out of the University of California when next it shall find occasion to comment upon the spread of erroneous views and comparisons of the great public men of these United States.—Sacramento Bee.

Happy Homes

One of the essentials of the happy homes of to-day is a fund of information as to right living and the best methods of promoting health and happiness. With proper knowledge, each hour of recreation, of enjoyment and of effort may be made to contribute to that end and are of no less value than the using of the most wholesome foods and the selecting of the best medicinal agents when needed. With the well-informed, medicinal agents are used only when nature needs assistance and while the importance of cleansing the system effectually, when bilious or constipated, has long been known, yet until within recent years it was necessary to resort to oils, salts, extracts of roots, barks and other cathartics which were found to be objectionable and to call for constantly increased quantities.

Then physicians having learned that the most excellent laxative and cathartic principles were to be found in certain plants, principally in the leaves, the California Fig Syrup Co. discovered a method of obtaining such principles in their purest condition and of presenting them with pleasant and refreshing liquids in the form most acceptable to the system and the remedy became known as—Syrup of Figs—The Figs were used, with the plants, in making it, because of their agreeable taste.

This excellent remedy is now rapidly coming into universal use as the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually without disturbing the natural functions and without unpleasant after effects and its use may be discontinued when it is no longer required.

All who would enjoy good health and its blessings should remember that it is the one remedy which physicians and parents well-informed approve and recommend and use and which they and their little ones alike enjoy, because of its pleasant flavor, its gentle action and its beneficial effects.

Syrup of Figs is for sale by all reliable druggists, at the regular price of fifty cents per bottle, in original packages only, having the name of the remedy—Syrup of Figs—and the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

THE FLIGHT OF THE HEART.

Across the vastness of night,
Through the great voids of star-lit
space,
My heart, in fleet and eager flight,
Wings its way to you.

Without or doubt or fear deterred,
Unwaring, though it hath no rest,
It fares as doth the homing bird,
Unto its nest.

No bound may stay its way, no wall,
For it hath heard life's dearest call—
The call of love.

So, as in winged arrow-flight,
Down the dim aisles of dusk and
dew,
Hastens my heart to thy delight—
To you, to you!

THE TIME WILL COME

When the Advice of
This Oakland Resident
Will Help You.

Very few people are entirely free from backache. It does not take much to derange the kidneys. A little cold, a strain, stooping positions or hard work, overtaxes those delicate organs, and many aches and pains promptly follow. An Oakland citizen tells you here how every kidney ill can be relieved and cured. Read about it:

Walter J. Plumber, of 1328 Versailles avenue, Alameda, jeweler, in employ of Geo. R. Moss & Co., says: "If the contraction of a cold which settled across the small of my back was not the primary cause of the aching in that part of my anatomy, I knew positively that when I caught a cold aggravation of the trouble was apparent. I have persistently and conscientiously tried medicines when these attacks were at their height, but I met with very indifferent success. From reading an advertisement about Doan's Kidney Pills in a newspaper I was indeed induced to go to a drug store for a box. Relief followed the treatment in a few days and since I stopped using the pills there has not been a sign of a recurrence."

For sale by all dealers. Price 50 cents. Foster-McLure Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Hoop Skirts Prohibited AND 'Sylph Walk' By National Association of Dressmakers.

According to an edict expressed at a meeting of the National Dressmakers' Association the hoop skirt and the "Sylph walk" must go, despite the fact that both have been endorsed by dressmakers in many cities.

CHICAGO, June 6.—The hoop skirt and the "Sylph walk" must go. They may go to Paris, to Berlin, to Coochin China, anywhere, but American cities will have nothing to do with either, provided the edict of the National Dressmakers' Association, as expressed at the meeting of the organization at the Victoria Hotel, meets with the approval of the great mass of American women.

This in spite of the indorsement of the hoop skirt by the Chicago Dressmakers' Club two weeks ago.

"No self-respecting American woman will walk down an American street dressed in an eelskin skirt and emulate the contortionist," said Mme. Linda Ross Wade, and a chorus of handclapping demonstrated that the dressmakers approved her sentiments.

"If the woman who affects the extreme of the 'sylph gait' knew how ridiculous she looks," continued the speaker, "she would hide herself in the first convenient retreat and the woman with a tendency toward embonpoint sighed an approving 'hurrah'."

"Neither do we approve of the hoop skirt," said Mme. Wade. "The National Dressmakers' Association must not sanction this ridiculous fad for wires and dangerous cages, although

we have solved a method of shaping the skirts by the use of a moderate amount of featherbone judiciously distributed.

"Moderation in all things is the common sense method American women should adopt, and we are no longer slaves to Paris styles. Let Paris set the styles for all the world beside, but from this time on America is free from the slavery of Paris fashions. American women have ability enough and sufficient taste to design their own styles, and the association has spent its last dollar for French designs. American men lead the world in everything they undertake and why is not the American woman just as able in her own province of dressmaking?"

In reference to the much-discussed sylph Mme. Wade admitted that there was some good in the idea, but that it should be adopted with moderation. "Throw out your chest and hips," she said, "even though your back does ache a little, but do not carry the idea to a ridiculous extreme."

The hoop skirt fad was given a vigorous denunciation by Mme. Wade who had returned to Chicago from New York for the sole purpose of exposing the dangers of the idea. She was armed with sample "cages of various degrees of 'expansion' all of which she declared nonsensical. After

trying on a dozen or more with Mme. Wade as a model she was suddenly confronted with a protest from Mme. Hosac, president of the Chicago Dressmakers' Club, who had designed one of the "offensive" hoop skirts.

"I must defend my invention," said Mme. Hosac, firmly. "I have found that it meets the approval of my customers, who are sending their friends to me for them. They work splendidly."

"I am embarrassed in discovering that I have criticized the invention of a member present," said Mme. Baker, "but, with all due respect to her opinion, no hoop skirts for me. It is certainly a dangerous-looking thing."

The inventor hunted that she could climb upon a chair or table in the one she claimed to have on and was urged to do so by the audience, but refrained after a glance at the height of the table.

An interesting feature of the evening was the showing of a skirt containing two pockets so placed that even a man could locate them with the naked eye.

"How handy for car fares," suggested one lady near the door.

"And for pickpockets," suggested a man who had escorted his wife to the function, wherewith the pocketed skirt was laid aside for something else.

COLLEGE PROFESSOR AT HEAD OF A "SIMPLE LIFE" COLONY.

People Prominent in Social and Business Life of Chicago "At Home" in Bathing Suits—Back to the Primitive Age For Them.

CHICAGO, June 6.—"Back to Nature" is the motto of several cultured Chicagoans, who have abandoned the Windy City's social whirl and envied themselves in a lot of abandoned fishermen's huts far removed from toil and turmoil.

A "simple life" colony is what they call it, and simplicity certainly predominates there. No business, no social duties, no forms, no care. Bounded on the north, west and south by the thick, stubby western woods, and on the east by Lake Michigan, the colony realizes the acme of rural solitude.

All these simple livers were but a short time ago the central figures in Chicago's most strenuous social set. Their cleverness of conversation, artistic attainments and attractive personalities created a demand for them at every important social event in Chicago's merry South Side. But they grew tired of it and longed for the wildwood, the waters side and, maybe, were guided by the same instincts that caused a band of Fox Indians to seek the same site for a camping ground more than a hundred years ago. It was nature asserting itself.

Heading this colony is Prof. Oskar Eckstein, 35 years old, of the University of Chicago, celebrated in Chicago as a scholar and a thinker. Mrs. Paul Arends, the widow of a noted mechanical expert and writer, has aided in the establishment of the colony and occupies one of the huts. Her child, Herman, is with her and she is rearing him in the school of nature.

Then there are painters, a poet, two philosophers, a sculptor and others of artistic attainments there.

It was Prof. Eckstein who started the colony a short time ago. He went to the secluded spot alone, and his praises of its charms led his friends to join him, and now the "simple life" resort has a population of about 22 grown persons and about twice that many children. There are young women in the colony—University graduates, who occupy a hut by themselves and revel in the freedom of the wilderness and lakeside.

Nothing is of secondary consideration to these simple livers. Any kind of coats, shirts and trousers, however threadbare, any kind of gown whatever the style, any kind of shoes and stockings, no hats at all. The less attention they pay to clothing the nearer they approach the idealism they espouse.

The young women received the writer in skirts that reached slightly below the knee, shoes that were not laced and stockings that had large holes in them just a little above the lower edge of the skirt.

The colonists have adopted bathing suits as their "at home" costumes.

Dr. Eckstein is professor of organic

chemistry of the University of Chicago. He makes his university duties of secondary consideration now and calls only once in a while, when he feels so disposed, to give instructions as to how the department shall be conducted during his absence. He cares little for the city position. His attention and affection are occupied by the "simple life" colony. To the university heads, who rebuked him for his conduct, he explained that he prefers this life and will accept no other.

Prof. Eckstein has been a nomad since youth. At 16 he left his home in Munich, Germany, with the intention of circling the globe on foot. With two student companions he went down the Danube, through Montenegro, and then through Africa from Tangier to Fez. He visited places in Africa where white men had never trod before, and he made a study of the Atlas Mountain ranges.

Three years ago he spent six months with the Crow Indians in Montana, and last year lived with the Pueblos of the Southwest. Last fall he accepted a position as professor of chemistry in the University of Chicago. He holds diplomas from Munich and Geneva universities.

For many years he has longed to establish such a colony as the one he now heads. He cooks his own food and washes his own clothes. He believes in eating when he is hungry and in sleeping when he is sleepy. Clothes are intolerable to him. In his daily life on the beach he wears only bathing trunks. They are more healthy than the heavy garments of civilian dress, he declares. Every day he spends from one to two hours in the water. The remainder of his time is spent in lounging about the sand, sunning himself. His hermitage home is a one-room cottage, built of rough pine boards. Prof. Eckstein made the following statement:

"I am satisfied now. My dwelling is ideal. It is only some 20 feet long and a little less wide. I will continue my duties at the University of Chicago but will return to my bathing suit and the water as soon as my duties are over. Conventional life is not pleasant, as one has to meet uncooperative persons continually. I am contented with my neighbors here, for they have tastes in common with me.

"Besides the other attractions, our life here is more healthful than in the city. The air is purer. There is no more oxygen, but there is less dirt. Chemically, mine is a cleaner home than the most fashionable on the boulevards. I arise early in the morning and take a plunge in the lake. I eat a varied diet, and keep no steady eating hours, which is a great convenience. I like to live and dress simply, and out here there is no ob-

jection to my wearing a bathing suit while I do my work."

Dr. Eckstein's single room cottage has a porch, with a lake view. The sides are covered with tin to keep out the rain. The furnishing is extremely simple.

The colonists only luxury is an automobile, which they own conjointly and which furnishes the principal means of transportation to the city, and enables them to make many little sorties into the surrounding country. The location of the colony is one mile from Windsor Park, a little village nine miles south of Chicago.

MRS. JOSEPHINE HONE, ACTRESS, IS DEAD

NEW YORK, June 6.—Mrs. Josephine Hone, widow of Charles Russell Hone, and the only daughter of the late John Hone, who was president of the Adams Express Company, is dead at a sanitarium in Westchester, from paralysis. Her mother was, before marrying Mr. Hone, known as Mrs. William Russell, one of the greatest actresses of her day and a member of the old Wallack company when it was the foremost stock company in this country. After her marriage she retired from the stage.

Mrs. Hone was brought up in the greatest luxury and figured prominently in society. Financial reverses compelled her, some years ago, to open a dressmaking establishment. Three years ago she went on the stage in a Fitch society drama and scored a success, but her health failed and cut short her professional career.

MONTH FOR MARRYING.

June is first choice. In Holland girls prefer to become blushing brides in May. About an eighth of Scotch marriages take place in June. One-seventh of the Swedish marriages occur in "the month of roses." Germany favors April, regarding it as the first of the spring months. February is the first choice in Italy, especially the period preceding the beginning of Lent. Russia's favorite marriage month is January. So marriage, like death, has all seasons for its own.

IN SOCIETY

MISS HELEN CHASE, WHOSE MARRIAGE TO TRAYLOR BELL TAKES PLACE THIS EVENING

CHASE-BELL WEDDING TONIGHT

PRETTY HOME CEREMONY AND A LARGE WEDDING RECEPTION.

The marriage of Miss Helen Chase, daughter of Mr. and Mrs. Q. A. Chase and Traylor Bell, son of Mr. and Mrs. Harmon Bell, will be solemnized this evening at the home of the bride on Webster street, in the presence of relatives and a few close friends.

Rev. George Eldridge of San Francisco will be the officiating clergyman and over 200 invitations have been sent out for the large reception following the ceremony.

The marriage is of great interest to society on both sides of the bay, the young people being very popular and members of old and well known families. Miss Chase is an attractive girl, and her wedding gown of snowy white is a becoming creation. She will be attended by Miss Bessie Reed as maid of honor, whose gown is a pale shade of green. Yellow is the dominant note in the artistic decorations, and the bridesmaids will be gowned in palest yellow and white. This charming group will include Miss Ethel Crellin, Miss Ida Wickson, Miss Lucretia Burnham, Miss May Coogan, Miss Elsie Kimble, Miss Clara Chabot, Miss Helen Dornin, and Miss Jean Downey.

Dr. Ambrose Cowden will act as best man and the ribbon bearers will include Earl Talbot, Will Orrick, Walter Bakewell and Hugh Goodfellow. The beautiful home on Webster street is decorated in yellow and green and under a floral bower of yellow and white blossoms the nuptial vows will be spoken. After a honeymoon, Mr. Bell and his bride will make their home in this city.

INFORMAL RECEPTION.

Mrs. Walter Hughes Henry has sent out cards for an informal reception in compliment to her sister, Miss Ethel Whitney, and Miss Lillian Downey. The hours will be from 3 until 6, and Mrs. Henry will be assisted in receiving her guests by a score of young friends.

DAY OF WEDDINGS.

Tomorrow will be the day of weddings on both sides of the bay, and among those of interest will be that of Miss Julia Andrus of Berkeley to Nelson Towne Shaw, which will take place at the home of the brides' parents in the college town. Bishop William Ford Nichols, assisted by the Rev. Edward T. Parsons, will officiate. The bride will be attended by Miss Eudale Moore, Miss Ana Sherwood and Miss Leila Leonard. Henry C. Melone will be best man, and the ushers will include Newton Andrus, E. A. Lowe and C. L. Bigelow.

The wedding of Mrs. Edythe Chisholm and Frederick Wolfe is one of tomorrow's events on this side of the bay, and the San Francisco wedding of social importance tomorrow will be that of Miss Belle Harnes to Dr. Alanson Weeks, which will take place on Wednesday evening at 9 o'clock in the Dutch room of the St. Dunstan.

The ceremony will be performed by the Rev. Dr. Clappett in the presence of a few guests. Both bride and groom will be unattended. Miss Anna Munro, and Redick McKee Dupuy have chosen the same day for their

nuptials. Calvary Church has been selected for the scene of the happy event, and the Rev. John Hemphill will officiate.

Other Wednesday weddings will be that of Miss Paula Weil to Henry Jacobs, that of Miss Ida Maurer to Walter Aitrecht Radies, and that of Miss Cornelia Curtis to Dr. Calvin Knowles.

MUSICAL EVENT.

Invitations are out for a musical to be given Wednesday evening by the pupils of Miss D. Persis Goodman. The program is an interesting one and contains numbers by the following young musicians: Miss Helen Phillips, Miss Helen Smyth, Robert Smyth, Miss Genevieve Shaffer, Miss Marion Fisher, Miss Hazel Schillingman, Miss Helen Murphy, Miss Hazel Gilbert (pupil of Aylce Gates), Miss Winifred Fortier, Miss Enid Watkins, Miss Ethel Fisher, Miss Harriet Smyth and the Romanza from Chopin. A minor concerto, played by Miss Goodman and Miss Margaret Kemble.

A LUNCHEON.

Miss Carrie and Miss Beie Nicholson entertained recently at a luncheon planned for Miss Sigmund Weill of New York, sister of Mr. Henry Rosenfeld, who is visiting here.

BRIDESMAIDS LUNCHEON.

Miss Ella Newell entertained her bridesmaids and a few friends last Saturday at a marquerite luncheon given at her home on Bella Vista avenue. Miss Newell's wedding to Robert Rowell of Seattle will be one of Thursday's events.

The guests Saturday included Miss Clara May Newell, Miss Myrtle Smith, Berkeley, Miss Laura Bailey, San Jose, Mrs. Owen Hotle, Miss Kathryn Hopkins, Miss Mable Brown McCutcheon, Miss Nettie Morgan, Miss Bertha Greenleaf, Miss Helen Prescho, Miss Rosetta Bess Gibson, Los Angeles, Miss Rose O'Rourke, Miss Rhoda Newell, Miss Bessie Newell, Mrs. Ralph Addison Newell, Mrs. Edward Newell, Mrs. William Cook.

PRETTY WEDDING.

The marriage of Miss Ethel Macdonald and J. Frederick Seulberger will be solemnized this evening in a beautiful floral setting of sweet peas and roses. The color scheme for the decorations is pink and green, and the couple will plight their troth under a magnificent shell of pink sweet peas with a background of tall bamboo. The parlors have been decorated with ferns and roses and long grasses adorn the chandeliers. The hall is decorated with bamboo and huckleberry foliage and the dining-room is entirely pink roses and sweet peas. The bride's table is wreathed in bridesmaid roses and the musicians will be concealed with a screen of bamboo.

The marriage service will be read by the Rev. Edgar Gee, and the bride will be attended by Miss Daisy Seulberger. Carl Seulberger will attend the groom. The bride's gown is of white lacy lace elaborated with lace. She will wear a veil and will carry

THIS MAN SAYS:

I Believe a Man Has a Perfect Right to Punish His Wife If She Doesn't Obey Him.

TOPEKA, Kan., June 6.—Good news for the widows and marriageable maidens whose affluities have kept out of their way comes from Grant county, in the southwestern part of this State. They are invited to form a colony there as a lure to impressionable young ranchmen.

The country is so sparsely populated that T. M. Henthorn, one of the principal land-owners, has decided that something must be done to add to its attractions and encourage settlers. He has hit on the idea of getting some unattached women and locating them in Grant county. He believes they will draw farmers, cowboys and ranchmen from all parts of the State, who will choose wives from among them and, with a gentle feminine hand to guide them, settle down to the raising of cattle and the cultivation of the land.

The first step has been marked with no little success. Henthorn has found thirty-eight women who are willing to take a chance and, rather than remain spinsters at home, go out in the wilds and see what fortune will do for them in the way of husbands. Whether the few men in Grant county will look with favor on the land and a comely wife which Mr. Henthorn is preparing for them cannot be determined until spring. By that time the little colony will be established near Ulysses, the county seat, and if the brave prove brave enough, they will find the fair waiting for them.

The population of Grant county is less than four hundred, and nearly all is centered in and close around Ulysses. It is a wise precaution that has led Mr. Henthorn to plant his colony where it will be within reach of civilization if his plans miscarry, for if the women are unwooed, in spite of their having come to the place with the object of tempting suitors, they will be able to return from their Adamless Eden to haunts where they can be sure of finding them.

But, judging from the interest which the project has aroused among the Kansas ranchmen who have hitherto gone fancy free, the settlement will have no lack of visitors after the colonists arrive. The fact that a substantial dowry, in the form of a claim of land, goes with each bride, is likely to prove an additional inducement to cowboys who are tired of bachelor life and want to set up homes of their own. Careful measures have been devised to protect members of the colony from the designs of wooers who would take advantage of their innocence.

lilies of the valley. The bridesmaid will wear pink mull and her bouquet is Cecil Bruner roses.

The guests will include about forty friends and relatives. After a honeymoon the young people will occupy their new home on Twentieth street.

AT LUNCHEON

Mrs. Charles S. Butters entertained yesterday at an elaborate luncheon planned for Miss Leslie Green. The table was decorated with pink sweet peas and pink shaded candelabra lighted the pretty scene. The guests included Miss Green, Miss Katherine Glass, Miss Carol Day, Miss Bernard, Miss Jean Downey, Mrs. Edward Blake, Mrs. John J. Valentine Jr., Mrs. Walter Starr, Mrs. Frederick Fenwick, Miss Grace Buckley, Miss Alice Rising, Miss Bessie Cole, and Miss Kelsey Patterson.

Miss Elizabeth Huntington has sent out invitations for a luncheon Thursday for Miss Green. The affair will take place at the pretty home the Huntingtons are occupying for the summer in Ross Valley.

AT A DANCE.

Donald Connolly was host recently at an informal dance given at his Berkeley home, where he entertained a number of the younger set.

OAKLAND CLUB.

Mr. and Mrs. George J. G. Marzly will entertain the members of the parliamentary law class of the Oakland Club and their husbands this evening. After a whist game, supper will be served and the guests list includes Mrs. Frances Gray, president of the Oakland Club, Mrs. Cora Jones, Mr. and Mrs. George Peters, Mr. and Mrs. C. S. Chamberlain, Mr. and Mrs. W. D. Smith, Mr. and Mrs. H. L. Whitehead, Dr. and Mrs. H. B. Mehrmann, Mr. and Mrs. W. A. Schrock, Mr. and Mrs. T. Hogan, Mr. and Mrs. M. L. Broadwell, Miss Flora Kendall, Mr. and Mrs. A. H. Glascock, Mrs. Emmert, Miss Kelley, Mrs. Nora Ryle, Mr. and Mrs. David Gage, Mrs. A. C. Dix, Mr. and Mrs. F. R. Chadwick, and several others.

AT TAHOE.

Mr. and Mrs. E. M. Walsh of Linda Vista are planning to spend some time this summer at Lake Tahoe.

LUNCHEON GUESTS.

A pretty luncheon was given yesterday afternoon by Mrs. George B. M. Gray at her attractive home in East Oakland. The affair was in honor of Miss Eleanor Johnson, Mrs. Gray's sister, and Miss Mary L. Heaton, who leaves shortly for a year's travel in Europe, and for Miss Winifred Osborne, who is soon to marry Everett Brown. The luncheon was at fresco, twenty-four guests being seated at two round tables, one of which was placed in the picturesque little tea-house, while the other was under a marquee on the lawn. Quantities of pink sweet peas adorned the tables and the name cards were hand-painted, designed with especial reference to the honored guests. Toasts and greetings were the order of the hour and each guest wore something indicative of the subject of her toast.

Mrs. Gray's guests included Miss Johnson, Miss Heaton, Miss Osborne, Mrs. Murray Johnson, Mrs. Frank Hard, Mrs. Florence Wells, Miss Minnie Bunker, Miss Corlies, Miss Annie Brown, Mrs. C. W. Kinsey, Mrs. J. P. Scupham, Miss Ida Larkey, Mrs. J. W. Crane, Mrs. F. B. Taylor, Mrs. J.

H. Pond, Mrs. F. A. Webster, Mrs. Frank Miller, Mrs. George Henderson, Mrs. W. E. Beck.

PERSONALS.

Rev. Dwight E. Potter, pastor of the Union Street Presbyterian Church, went to Napa last week, where he was to deliver a lecture at the Presbyterian Church in that city.

Neal Harris was visiting at Piedmont last week.

Ross Gilson spent Saturday and Sunday of last week at Pleasanton with his aunt, Mrs. P. Gilson.

Mr. and Mrs. S. T. Metcalf were visiting friends last week at Antioch.

J. Adamina and family have gone to Newman, where they will make their home.

Mrs. Irma Hyland is visiting her mother on Bear Creek, Santa Cruz.

Mr. and Mrs. Cole have gone to Los Gatos.

W. C. Breed, the father of Auditor Breed, spent Decoration Day at Point Richmond, looking over the city. He was greatly surprised at the size of the town and the excellence of the railroad and deep water facilities. He predicts a very promising future for Richmond.

Joseph Ghirardelli, the well known chocolate manufacturer, is in San Jose, being registered at the St. James Hotel.

Henry S. Brickell and wife drove to San Jose last week and remained over night. They stopped at the Hotel Vendome.

Miss Gertrude Tryman was visiting in Petaluma last week.

Mrs. Julius Streth is visiting in Santa Cruz, the guest of her parents, Mr. and Mrs. O. M. Owens.

Miss Janet Torrey was visiting in Oroville last week, being the guest of Miss Mildred Powers.

W. M. Spencer, a prominent oil man, went to Bakersfield last week on business.

Dr. C. Howard Merritt, president of the Roosevelt Oil Company, spent a few days in Bakersfield last week.

Mrs. Louis Cockcroft and her family, with Mrs. John Hoyt and Miss Hoyt, are spending several weeks in the Santa Cruz Mountains.

Miss Claire Chabot returned yesterday from Villa Remia and will remain in town for several days.

Mr. and Mrs. Charles E. Snook will leave about the middle of June for a visit to the Portland Exposition.

Miss Erwin Smith has been the guest of friends for a fortnight at Ben Lomond.

Miss Marion Westland is in Scotland at present and will enjoy a visit to London and Paris in the near future.

Mrs. C. E. Palmer and Miss Beanie Palmer are in London and will return before the end of the summer.

Ex-Mayor Olney and Miss Olney have returned from a pleasant visit to one of the Lake county springs.

Mrs. J. T. Barradough of Piedmont has returned from a three months' stay with friends in Honolulu.

Miss Cecilia Green of 416 Santa Clara avenue is a guest at Highland Springs and will remain for two months.

A woman was arrested in Paris for shop-lifting not long ago and it was noticed that she carried a bright-looking King Charles spaniel on her arm. The police happened to examine the pup rather carefully and were surprised to find that it was trained to help the woman at her trade. The dog was schooled to snatch a piece of lace in its mouth and then hide its head under the woman's arm.

COAST TRAVEL

CHICAGO, June 6.—The Rock Island and Southern Pacific companies announce that it had been definitely decided to continue the Golden State limited in daily service the year round between Chicago, St. Louis and California. Instead of discontinuing during the summer months, as in previous years. Movement of Pacific Coast travel is sufficiently great to justify the innovation.

GIVEN SENTENCE.

Charles Carlson was this morning sentenced to serve three days in jail or pay a fine of \$5 on three different charges—battery, disturbing the peace and drunkenness. Carlson assaulted Manuel Leonard, a bootblack, at the corner of Thirteenth street and Broadway without provocation.

BACK TO JAIL

MONTREAL, June 6.—Judge Lafontaine, extradition commissioner, today gave judgment in the case of the United States versus John F. Gaynor and Benjamin D. Green, committing both for extradition and ordering them back to jail to await surrender to United States officers.

IS RELEASED.

William Rutherford, accused of disturbing the peace of several merchants on San Pablo and Telegraph avenues, was released this morning by Police Judge Smith, as the defendant is not thought to be quite right mentally. He is said to be harmless, though quite troublesome at times. He generally keeps quoting the sentence, "heaven on earth" for great periods of time. He is known almost everywhere as "heaven on earth."

HAYWARD PEOPLE TO CELEBRATE.

W. T. KNIGHTLY

HAYWARDS, June 6.—The plans for the Fourth of July exercises are being perfected and the indications are that this town will have the largest celebration in its history. W. T. Knightly, chairman of the committee on games, is working hard to make his end of the program a success. He promises a great field day. Mr. Knightly is also manager of the baseball team. There will also be a big parade.

AMATEUR BASEBALL TEAM WINS SILVER CUP.

Results of Games Played in Fruitvale, San Leandro and Haywards.

FRUITVALE, June 6.—A handsome silver cup was won yesterday afternoon by the second team of the Dewey School in a third and concluding game of baseball. The first of the series had been played last Thursday and resulted in a victory for the second team, and the first nine had won the game on Friday. The last game yesterday was almost a walk-over for the winners.

The names of the members of the second team are to be engraved on the cup, which is to be presented by George Hans of this place, one of the Trustees of the new High School. The presentation speech will probably be made at the graduating exercises next Friday.

The first game was won by a score of 9 to 4 by the second team. In the next the score was 2 to 1. Yesterday the score was 14 to 6.

The game was an interesting one and remarkable for clever work on both sides. There were three two-baggers, knocked by Owen Smith, Bert Roddier and A. Wickliffe, all of the second team. Irving Klemm, who pitches for the second team, did excellent work striking out thirteen of his opponents. Robert Shaw fanned only five members of the second team. Nelson, the captain of the first team, played very well. He made three hits, one of them a three-bagger. Back time he brought in a base runner, as well as making first himself. The only other three-base hit was knocked by Klemm of the second nine. Meadows on the same side also did fine stick work. There were no accidents during the game. A small misunderstanding arose in the seventh inning between Nelson and Meadows over an accident, but no blood was shed.

Following is the way in which the two

teams lined up for the contest:
First Team.
Cleveland..... Catcher Wisben Shaw..... Pitcher Klemm Nelson..... First base Wickliffe Greiner..... Second base O. Smith Freeman..... Third base Roddier Maggee..... Shortstop Meadows Wolff..... Left field Armstrong Lauritzen..... Center field Nelson Roberts..... Right field Buntain

SUNDAY GAMES.

There were two games of baseball here last Sunday, in both of which the local nines were victorious. The Dewey School team, with Klemm and Cleveland as battery, defeated a pick-up nine from Berkeley with a score of 8 to 4 at the school grounds. Olson and Mignamy were the battery for the visitors.

The Fruitvale Hose Company's baseball team won its second game Sunday by defeating the Austins of Oakland by a score of 10 to 1. The features of the game were the catching of Ed Jackson and the good fielding of Welby Vogel, the demon left fielder. The Fruitvale Hose Company would like to play any amateur team whose average age is 18 and under. Address all challenges to Axel Vallin, Fruitvale P. O., Cal.

AT SAN LEANDRO.

SAN LEANDRO, June 6.—One of the most exciting games of baseball that has been played here for a long time took place Sunday afternoon between the San Leandro nine and the Wiley B. Allens. The latter were defeated by a score of 3 to 2, as their playing deteriorated rapidly after the sixth inning.

Until the end of the fifth inning there was no scoring done on either side. Every player did his best and there was a beautiful exhibition of fielding. The most exciting time came in the third in-

ning, when the visitors had three men on bases and two out. With admirable nerve Pitcher O'Banion struck out the batters one after the other and left the three base runners in their places. Also in the third inning a fine hit was made by Fingree, who ran three bases on it, only to be put out at third as he was making a slide.

In the sixth inning the Allens managed to make two runs. Then for some reason the nine went to pieces and allowed the San Leandros to score almost at will until the end of the game.

Lefty O'Banion fanned the enemy's batters ten times in the course of the game. Only two of the home players fanned out.

The pitchers both had the ball well in control and only one two-bagger was made during the game. This fell to the lot of Baldwin for San Leandro. A fine running catch was made by Frank Best in the six inning.

An attempt at a double play was made by the Allens during the fifth inning. Fingree was put out at third, but the baseman failed to get the ball to first in time to put out the batter.

HAYWARDS, June 6.—By a score of 10 to 2 the local nine was victorious in an interesting game of baseball on the Haywards grounds last Sunday. A number of good plays were made by the men on both teams, all being liberally rewarded by cheers from the crowd.

In the fourth inning Harry Platt, Haywards' left fielder, was so fortunate as to knock a three-bagger. Shortly afterward there was a clever double play brought about by two of the locals. Dick Wulzen, playing first base, caught a hot grounder and touched his bag with his toe, and managed to get the ball to third base in time to head off the runner from second. Fenton, the third baseman, got the ball just in time to tap the man as he was making a slide for life.

The left fielder of the Gormans made a beautiful running catch in the second inning. The ball came soaring over his station, but he turned and ran from the plate and caught the ball as it came over his head. It was the most sensational play ever made on the diamond here.

Whooping Cough in Jamaica.
Mr. J. Riley Bennett, a chemist of Brown's Town, Jamaica, West India Islands, writes: "I cannot speak too highly of Chamberlain's Cough Remedy. It has proved itself to be the best remedy for whooping cough, which is prevalent on this end of the globe. It has never failed to give relief in any case. I have recommended it, and grateful mothers, after using it, are daily thanking me for advising them." This remedy is for sale by Osgood Bros., corner 12th and Washington streets and corner 7th and Broadway.

RUSSIAN SHIPS TO BE INTERNED

WASHINGTON, June 6.—Consul Rogers, at Shanghai, cables the State Department under today's date as follows:

"At Woosung are now anchored seven Russian colliers which will doubtless be interned. It is reported that there are a number of Japanese vessels off Cutchang. The Russian torpedo boat destroyer Bodri has been interned at Shanghai."

Greatly in Demand.
Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver trouble. Try them. At Osgood's drug stores, Seventh and Broadway, and Tenth and Washington streets, 5c. guaranteed.

CZAR WAS NOT ASSASSINATED

RUMOR SPREAD IN BERLIN IS WITHOUT FOUNDATION.

BERLIN, June 6, 2:45 p. m.—It is reported on the Bourse that the Russian Emperor has been assassinated. A private telegram to this effect is said to have been received by the Mendelssohns, bankers for the government. No details are obtainable. Up to the time of the closing of the Bourse the report of the assassination of the Russian Emperor was without confirmation.

BERLIN, June 6, 3:41 p. m.—The Mendelssohns deny most positively having received a telegram regarding the assassination of Emperor Nicholas. The report otherwise was not traceable.

NEW YORK, June 6.—The Associated Press is unable to confirm the Berlin rumor of the Czar's assassination. Cabled inquiries to various capitals fail to elicit corroboration of the report, and in the absence of news from St. Petersburg it should be accepted with great caution.

ST. PETERSBURG, June 6.—The rumor circulated on the Berlin Bourse of the assassination of Emperor Nicholas is groundless.

THE DAY'S NEWS FROM THE SUBURBS

CENTIPEDE FOUND THAT EATS ASPARAGUS.

Professor Woodworth Makes Interesting Announcement of State University.

BERKELEY, June 6.—A discovery which savants the country over are expected to be startled by is announced by Professor C. M. Woodworth, who is in charge of the entomological work of the College of Agriculture. A new species of centipede has been found in the Sacramento valley, which preys upon asparagus plants, threatening the destruction of hundreds of acres there.

It has not been known, hitherto, that centipedes ever preyed upon vegetable life. In all the literature dealing with the subject, Professor Woodworth says, the centipede family is rated as carnivorous. The fact that a branch of the family, centipedes unquestionably, has attacked the asparagus beetle in the Sacramento valley, leaving devastated the

field, constitutes something new in the history of both asparagus growing and centipede activities. Professor Woodworth is preparing a bulletin on the subject, which will be issued soon.

"I was called to the Sacramento valley recently," said Professor Woodworth today, "by the asparagus growers, who found that a new insect pest was ruining their crop. The insect was a centipede, though not so large as the variety which is common in Arizona and the Southwest. I was incredulous when first informed of the character of the pest, as centipedes are rated as carnivorous insects in all literature pertaining to insects. I found, however, that they eat asparagus, and so the literature on the subject will have to be revised. I used a mixture of lime on them, and I think the treatment will result in their extermination."

JAPS IN BATTLE TO MOURN HIS DEATH

Pitched Fights at Elmhurst With Boys. of Departed.

ELMHURST, June 6.—There were two pitched battles between the American and Japanese of this place last Sunday. The Americans were mainly of the younger generation, and their opponents are employed by E. B. & A. L. Stone as fruitpickers.

The trouble began when one of the white boys threw a cherry at a Jap. The latter is said to have returned the compliment with compound interest, and the boy was constrained to appeal to his comrades for aid. The other Japs also joined their brother and presented a solid front to the assault.

By the exercise of the gentle art of Jiu Jitsu, which proved superior to the manly art of self defence, the foreigners overcame the native sons and forced them to retire. During the scuffle Edward Carter was thrown to the ground, and while in this position received a scalp wound, he says from the foot of a Japanese. This incident completed the first encounter.

In the evening it chanced that Ed Carter met one of the little brown men alone. Diverting his attention, he seized a favorable opportunity to strike the Jap on the head with a stick he was carrying.

This caused trouble again. Then the foreigner called to his countrymen for aid, and the white boys rallied to the appeal of Carter. Armed with primitive weapons and a strong sense of justice, the American lads drove back the enemy and forced them to take flight.

No casualties are reported as resulting from either engagement.

ENJOY PICNIC.

Nine of Elmhurst's young people spent last Sunday amid the beauties of nature at Haywards Park. They took along hampers of provisions and enjoyed a very pleasant day, returning late in the evening.

Those who composed the party were Misses Maud and May Hooper, Mary Corregio, Lena Starr, and Alice Booth. William Scatterer, Talis Park, William Cabral and Lee Meyers.

BERKELEY, June 6.—Harry Shurtliff will spend the summer at Rumsey. Mrs. E. J. Oxley and daughters will leave tomorrow for Pacific Grove, where they have taken a cottage.

Miss Victoria Bartley and Mrs. M. J. Hartley left Sunday morning on the steamer Queen for Portland, Oregon, for a two months' trip.

Miss Nettie Meek of 2128 Hearst avenue, a teacher in the Whittier school, left on the steamer yesterday for Los Angeles, where she will spend several weeks.

Mrs. Robert Abram of San Francisco has rented the Shurtliff home at 2128 Hearst avenue for the summer. Mrs. Shurtliff is at present staying at 2040 Hearst avenue.

Mervyn Samuels, who has been prominently connected with University of California activities for the last four years, recently left for the East, where he will remain for six weeks.

This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain. No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood," is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradfield Regulator Co. Atlanta, Ga.

TO MOURN HIS DEATH

Funeral Arrangements in Honor of Departed.

BERKELEY, June 6.—The funeral of William F. Overstreet, a veteran of the Civil War and a well known resident of California for the past thirty-eight years, who died yesterday at his home, 2955 Hearst avenue, will be held tomorrow morning at his home under the auspices of Lookout Mountain Post, G. A. R., of which he was a member. The deceased was also a member of the Ancient Order of United Workmen. The cause of death was paralysis.

He was the father of Professor Harry A. Overstreet in the University of California, one of the few Americans to pass successfully through Oxford. Besides Professor Overstreet, and his wife, Mrs. Julia Overstreet, the deceased leaves two sons and two daughters, William L. Overstreet of the San Francisco Chronicle, Lewis F. Overstreet of Berkeley, Mrs. George E. Kelsey of Merced and Miss Ada E. Overstreet of Berkeley.

WILL WED A COLLEGE GIRL

BERKELEY, June 6.—Miss Lena May Macaulay, A. B., 1900, the most prominent woman graduate of her year from the University of California, has announced her engagement to F. C. Hill of Auburn, Cal.

Since graduation Miss Macaulay has taught English in the schools. The first year following her commencement she taught at Mills College, being head of the English department at that institution. From there she went to the High School at Truckee, and after teaching a year at that place, was called to take a superior position in the High School at her home town.

Here the romance that was begun in school days was renewed, and the announcement of today marks the culmination of the romance.

The marriage will be an elaborate church wedding in the First Methodist Church of her home town, and will take place on the 18th of June.

WANT NEW NAME FOR A STREET

BERKELEY, June 6.—Residents of Louise street who are in earnest, so much so, that a meeting has been called for Thursday evening, June 8, at the residence of A. L. GLORY FOR GRAY HAIRD ARTIST.

Practical Recognition of William Keiths Fine Abilities By a Distinguished Connoisseur.

BERKELEY, June 6.—Lovers of themselves, outsiders have looked upon the appreciation as local pride rather than the result of keen discrimination. William Keith spent a day and night recently with his friend Burnham, one of the foremost art critics in the United States, has given him the highest seal of approval, and has backed his opinion by getting about \$5000 worth of Keith paintings for himself and some \$10,000 more for other people and for the Metropolitan Museum of Art.

Mr. McKim who is New York's leading artist, has one of the most notable private art galleries in the country. At Architect Burnham's invitation, Mr. McKim went to Keith's studio and his surprise knew no bounds. To the credit of California, her prophetic has not been without honor in his own country. For years his critics have been telling of his great genius, but, except to strangers who have happened this way and discovered for

PONY IS FOUND

Animal Taken by Boy is Found by Owner.

HAYWARDS, June 6.—At last the Shetland pony stolen from C. M. Buck by a small boy has been regained by the owner. After employing detectives with no avail, Mr. Buck and his wife took matters into their own hands and followed the thief southward to the Santa Cruz mountains. There on Ben Lomond they found the missing animal grazing in a pasture, while the boy, who gave him the name Arthur Powell, was driving a wagon for a plumber of the vicinity.

When Mr. and Mrs. Buck arrived at the little settlement the boy they sought was absent, having been sent by his new employer on an errand up the mountain with a wagon. Continuing his quest, the owner of the stolen pony followed the road until he caught sight of his quarry at a bend ahead. The latter saw his pursuer at the same instant, and immediately sought safety in flight. A diligent search failed to disclose his whereabouts, and it is the opinion of Mr. Buck that the lad leaped into the river and escaped by swimming.

Returning to the settlement he claimed the pony as his property and had no difficulty in proving ownership. Before coming home he offered a liberal reward to anyone capturing the boy or causing his arrest.

Three weeks ago a boy appeared at the Buck home in Castro Valley and asked for employment, giving out that he was an orphan playing in hard luck. Out of pity Mr. Buck hired him to do odd jobs and errands. Within a few days the boy disappeared with a Shetland pony valued at \$150.

RAISES A ROW.

A man giving a name as James Mosguessen started to make a disturbance at Ramos brothers' wine cellar last Saturday evening, but was promptly suppressed by John Pann, the deputy constable. The liquor-crazed man attacked Jos Ramos, who was serving him with a little of what made Milwaukee famous, and started to pound the barkeeper with his fists. The officer arrived just in time and immediately arrested the assailant, who was confined in the town jail until yesterday morning.

When he appeared before Justice

Hosoon immediately telephoned the owner of the rig and informed him of the occurrence. The latter sent a man to intercept the couple and take the horse away from them, but they refused to leave until they arrived at the stable without meeting him.

LITTLE BOY DIES.

Little Jamie Greaves, aged three years and six months, died Sunday evening at eleven o'clock at the home of his parents on Grace street. He had been ill but a short time.

The funeral took place this afternoon at the family residence. Interment followed at the Lone Tree Cemetery.

LEAVE ON TRIP.

A large party of Haywards people and friends left today for a camping trip to Yosemite Park, whose members were R. Reid, Mr. and Mrs. A. L. Graham, Miss Bernice Graham, Mrs. James Gray, Miss Jeanette Gray, Mr. and Mrs. Charles Graham, of Pleasanton, and Mr. and Mrs. B. F. Funcheson of San Lorenzo.

SECRETS OF FOOD

Data Regarding Professor's Work is Submitted

BERKELEY, June 6.—After a conference of several hours Professor M. E. Jaffa submitted to Dr. Walter H. Evans today his data regarding experiments he has made to determine the values of California food products, all of which will be made the subject of an important bulletin to be issued at once by the Government at Washington. So highly thought of is Professor Jaffa's work at the University by the Government officials, of whom Dr. Evans is one, being chief of the Bureau of Insular Experiment Stations, that his name appears at the head of the list of those who are in charge of experiment stations. Dr. Evans, himself an expert, saying today: "Professor Jaffa knows ten times as much about the science of experimenting to determine the nutritive values of food as I do."

Dr. Evans has been at the College of Agriculture for three days in close conference with Professor Jaffa regarding the work which the latter has done here. California fruits have been the chief staple used by Jaffa in his work, grains and nuts forming an incidental feature of the menu which his subjects have eaten while under his care.

Matter of rare interest to scientists and to the plain people as well is to be revealed when Professor Jaffa prints his second bulletin, the data for which has just been under examination by Dr. Evans.

NATIVES' ELECTION

Sons of Golden West Choose Officials.

BERKELEY, June 6.—The officers for the ensuing term were elected by Berkeley Parlor No. 210 Native Sons of the Golden West at their last meeting. After quite a spirited contest the following were elected to serve: Past president, R. A. Berry; president, F. D. Fagan; vice president, F. Bagley; second vice president, C. Wehler; third vice president, W. Fagan; financial secretary, F. Heywood; recording secretary, F. McAllister; treasurer, W. Williams; marshal, G. Drum; surgeons, Drs. Woolsey and Shaffer; trustees, G. Drum, F. Boynton, C. Bryant.

The local parlor is in a flourishing condition, increasing its membership at every meeting.

On next Friday will be held a Native Sons' dance, which is strictly invitational.

A large initiation is planned for the 16th of this month, and several candidates will be initiated into the mysteries of the order.

"KING OF CAMPUS" HAS ADVENTURE

BERKELEY, June 6.—The big bulldog "Champ," who is the especial pet of the Phi Kappa Psi fraternity on Ridge road went to Oakland today and for an hour wandered in bewilderingment along the busy thoroughfares. He is called the king of the campus, for he rules all on the University grounds, but in Oakland he found that he resembled the proverbial white chip. About noon he caught sight of J. C. Johns, an '03 man from the University, recognized a familiar figure and followed the college man back to Berkeley. He was then taken to the University pin, and "Champ" is believed to have detected the emblem and inferred correctly that he had found a guide back to the University town.

BIDS OPENED FOR UNIVERSITY WORK

BERKELEY, June 6.—Bids were opened at 5 o'clock yesterday afternoon at the Regente secretary's office in South Hall for the concrete floor and concrete stair work for California Hall, for painting and tinting in California Hall, for escapes and for a heating and ventilating system for the Harmon Gymnasium, and for excavations and foundations for the new University library. The bids will be considered by the Regente later.

TRUSTEES OF ALAMEDA HOLD MEETING

Many Subjects of Interest Discussed—Railroad Franchise Brought Up.

ALAMEDA, June 6.—At the regular meeting last night of the Board of City Trustees all the members were present except Trustee Joseph F. Forde, who is still in the Eastern States. Special claims totalling \$865 and salary warrants to the amount of \$5,252.50 were ordered paid.

President W. J. Gorham stated that the new engine for the electric light plant at the foot of Park street would shortly arrive from the East. Owing to the fact, however, that a portion of the machinery, the "field," is not ready to be installed the engine will not be in use for some time.

It was decided to fix the annual vacations of patrolmen at twelve days, not to include Sundays. In the past Sundays were included, so that in future the policemen will have in reality fourteen instead of twelve days' vacation.

B. F. Lamborn, ex-City Clerk, was present and spoke at some length on the subject of the transportation facilities afforded this city by the Oakland Transfer Company. He declared the service was poor, with poor cars, poor rails and but little attention paid to the needs of the public. No action was taken in the matter. President Gorham did not take Lamborn's "jabs" very seriously.

President Charles B. Starnes, of the West End Alameda Improvement Association made some remarks in which he affirmed that the Southern Pacific Company was not living up to the terms of its franchise regarding the Railroad avenue branch.

Mr. Smith said: "At the time the franchise was granted to the railroad for the Central Pacific or Railroad avenue branch they agreed to operate thirty-two trains, each way daily in this city, in this manner making sixty-four trains passing a given point in one day. Under the new twenty-minute schedule the company runs forty trains to this city every day by way of Fruitvale and nine the old way via the Alameda street bridge, which reduces the number to forty-nine instead of sixty-four. They have changed their schedule and are not living up to the terms of the franchise in this respect."

"According to the reading of the franchise it was expressly agreed that the number of trains was not to be curtailed. Now, Mr. President, is a violation of contract, and I ask this honorable board to take up the matter."

President Gorham remarked sentimentally: "The proper way to proceed in this case is to refer the matter to the City Attorney, who will take the necessary steps to have the railroad company live up, or give up."

B. F. Lamborn spoke in favor of maintaining a municipal force of men for the collection of garbage. The scavengers, according to the scheme he proposed, were to be under direction of Street Superintendent V. M. Frodden. Lamborn presented a mass of figures in support of his plan for the municipal control of garbage.

City Trustee Fritz Boehmer could see no light in Lamborn's plan for municipal scavengers. He declared, however, that garbage would furnish the solution of the problem of completing the Bay Farm Island roadway. There was more discussion of the odoriferous topic, without any definite conclusion being reached.

Lamborn asked official permission of the board to explain his views to Street Superintendent Frodden.

"Mr. Lamborn," said President W. J. Gorham, "no official permission is needed to exploit your scheme to the Street Superintendent, and any time you may speak to him on the subject when he is not in working hours, or when his time is not fully occupied. I am sure that your powers of eloquence will bring him around to your way of thinking, and if so this board will be influenced by the report on the matter which Mr. Frodden may make to us."

W. K. Taylor secured the permission of the board for Boatman Taylor of the Webster street bridge vicinity to erect floats on the Alameda, side of the estuary near his boat-house.

FWOLVER TO BUILD.

ALAMEDA, June 6.—James Fowler, a

well-known local mortician, has let a contract for a handsome new building to be situated on Santa Clara avenue, opposite the City Hall. The cost of the building upon completion will be about \$8,000. The structure is to be used by its owner as an undertaking establishment in the basement and on the first floor, and the second floor will be utilized as apartments for his family.

The first floor is to contain offices and chapel where funeral services may be conducted. A feature of the new building will be an arrangement for carriages whereby in rainy weather the vehicles will be drawn up under an archway on the side of the parlors and people may enter from the chapel.

UNITARIAN CLUB MEETING.

ALAMEDA, June 6.—The Unitarian Club will hold its last regular meeting before the summer vacation tomorrow evening. It will next convene on August 2. At the meeting tomorrow night a vice-president is to be elected to fill the vacancy due to the resignation of H. H. Sherwood. The committee for the evening will consist of E. W. Maslin, W. P. Dillon and H. Hauch.

A program embodying "An Evening in the Realm of the Psychic" is to be provided for the entertainment of members and their guests. Arthur Delroy is to conduct the entertainment, which will consist principally of mysticism, palmistry, spectacular effects, character reading, photographs and from hand writing and answering questions contained in sealed envelopes.

The mystic, the wizard howl, the magus, the magic wand will be introduced and some startling effects are promised. Delroy will expose the various tricks by which charlatans gain a reputation for possessing supernatural powers.

LADIES WERE ON THE SHIPS

ROJESTVENSKY'S NIECE WAS TAKEN PRISONER BY THE JAPANESE.

LONDON, June 6.—The Tokio correspondent of the Daily Telegraph says:

Your Heart

Is a wonderful pump that works in constantly varying speeds, hits pump stroke a minute and forcing from 50 to 20 pounds of blood throughout the body each minute. The power that keeps this wonderful pump in motion is nerve force the energy furnished by the nerves. Disease over-excitation, fight, anxiety, alcohol, tobacco and other stimulants weaken these nerves, beat the heart instead of stopping, makes extraordinary efforts and causes heart strain. Then comes shortness of breath, heart palpitation, dizziness, etc. because the nerves are too weak to furnish power. Take the only safe remedy.

Dr. Miles' Heart Cure

It feeds, strengthens and builds up the nerves and muscles of the heart so they can supply the necessary energy. Dr. Miles' Heart Cure is a marvelous remedy. I always live it when cardiac trouble is present. It meets the indications surely and completely. —C. F. P. BIRMINGHAM, N. D., 498 Mass. Ave., Boston, Mass.

SHOOTS ROBBER IN HIS STORE

CHICAGO, June 6.—An unidentified robber who entered the fruit store of Tielkes Brothers in Ravenswood, a suburb, early today was shot and instantly killed by Michael Tielkes, a member of the firm.

A white robber in company with a negro confederate entered the store and commanded John Tielkes, who was behind the counter, to hold up his hands. The noise made by the intruders awakened Tielkes' Johns brother, who had been asleep in a rear room. Michael seized a revolver and fired three shots killing the white robber. The negro fled.

MILLIONS FOR MOTHER AND SON

NEW YORK, June 6.—The will of William Ziegler, the patron of Arctic exploration, has been filed in this city. The estate is estimated to be worth \$30,000,000 and after provision is made of some \$50,000 annually to Mrs. Ziegler, together with the use of the Ziegler city and country homes, the rest of the estate is bequeathed to Mr. Ziegler's adopted son, William, 14 years of age.

ULTIMATUM WAS NOT SO SEVERE

MANILA, June 6.—It has been learned here that the ultimatum from Washington to Vice Admiral Enquist, in command of the Russian squadron now in this port, is not so severe as at first reported. The question of time is still under discussion.

UNITED STATES GOVERNMENT OFFICIAL SAYS ORRINE CURES THE LIQUOR HABIT.

Superintendent of Public Printing Tells of Remarkable Cure in His Office.

The following statement from F. W. Palmer, Public Printer of the United States government in Washington, will bring hope of relief to thousands who suffer from the most horrible curse that afflicts humanity. He writes: "My attention was recently called to one of the employees of this office who had through the habit of intoxicating drink become so inefficient as to be on the verge of dismissal. Six weeks treatment with Orrine not only cured the appetite but practically all the signs of dissipation disappeared. It is a pleasure to me to acknowledge the value of a remedy which brings results so beneficial. Orrine is a guaranteed cure for the liquor habit. Take or give it without publicity or loss of time. It can be administered secretly in tea, coffee or food for which purpose No. 2 should be bought. Orrine No. 2 in pill form is for patients who wish to be cured of this terrible habit. The price is \$1 per box. Ask us about Orrine—we do not hesitate to recommend Orrine as the best and only cure for the liquor habit. Owl Drug Co., Oakland, San Francisco, Sacramento.

ACCUSES OFFICIALS

Says United States Cotton Reports Are Altered For Fraud.

NEW YORK, June 6.—Richard Cheatham of Atlanta, secretary of the Southern Cotton Growers' Association who is in this city, has declared his intention of calling President Roosevelt's attention to what he considers gross irregularities in both the preparation and the publication of the Government cotton report issued last Friday. Mr. Cheatham will make no charges of bribery or any other crime but his intention is to ask for a rigid investigation and that the resignation of one of the important employees in the statistical bureau of the Department of Agriculture be demanded. It is understood that he charges some one in the Department with having manipulated the figures and given them in advance of publication to certain brokers for use in depressing the cotton market.

The Southern Cotton Growers' Association is an organization of planters and Southern brokers whose object it is to regulate so far as possible the acreage of cotton and to protect the planters and other Southern cotton interests from manipulation of the market tending to depress the price of the staple. Officers of the association declare they have as many experts as the Department of Agriculture and make every effort to secure the most trustworthy information regarding the condition of the crop. For several months the statistics gathered by the Association have been at variance with those emanating from Washington, and the officers of the Association, together with brokers and cotton merchants in this city, have conducted a secret investigation in the hope of ascertaining the reasons for the discrepancy.

A prominent broker this morning asserted he has gathered the most important of the documentary evidence in the case. From employees of the Department of Agriculture, he says some of whom are in the habit of making frequent visits to this city, he learned that advance information in regard to the reports could be secured. He followed up this line by inquiring whether or not the report could not be changed and alleges he was successful in this endeavor also receiving letters from at least one employee of the Department and learning that at least one of the prominent firms of cotton brokers in this city had such an understanding with at least one official.

Mr. Cheatham was notified of the alleged discoveries by telegraph and made a hurried trip to this city. After many hours spent in consultation, he journeyed to Washington, remained a few hours and returned to New York, saying he desired signatures to a document in his possession.

It is said Mr. Cheatham will charge that the figures of the Bureau of Statistics have been manipulated in the interests of a certain bearish element in the market here and this charge will include not only the furnishing of advance information pertaining to the Government figures, but also falsification of these figures.

In the case of the report issued last Friday, he will charge the plans were laid practically a month in advance.

MANAGER IS DEAD.

NEW YORK, June 6.—Edward A. Leslie, General Manager of the Kings County Electric Light and Power Company is dead. He died at his home in Brooklyn from pneumonia and pleurisy.

He was born in Harrisburg, Pa., in 1849 and began his business career as a messenger boy in the office of the Kings County Electric Light and Power Company at Freshport, N. Y. There he studied telegraphy and was made manager of the office at Lena, N. Y. He finally came to New York and worked his way upward to high positions in the telegraph and telephone companies. He became identified with the Kings County Company some years ago.

Mr. Leslie served in the Civil War with one Twelfth Illinois Volunteer Infantry entering as a drummer boy at the age of 16. He was a Mason of high degree.

TAILORS MAY STRIKE.

NEW YORK, June 6.—A mass meeting of the Brotherhood of Tailors has been called to demand a reduction in hours and it is likely that a strike of the 50,000 members in this city will shortly follow. The members are largely employed in sweat shops. They say they were promised 44 hours a week but are compelled to work ten hours or more and can earn only about \$10 a week.

KEEP IT TO YOURSELF

There is perhaps not a man or woman who has not something which they treasure and the knowledge of which they would keep absolutely to themselves. In these days people are not telling their business to everybody and it is necessary that they should have a safe place in which to keep their most prized and most secret belongings. The proper place for such valuables is in the safety deposit vaults of the Central Bank. To have the key to an exclusive box in these vaults which are recognized by all as being the safest on earth, costs but four dollars a year. They are being used daily by hundreds of people who value safety and secrecy. Why not you? There are convenient parlors, tables and stationery for patrons who wish to attend to their business while in the bank.

WOMAN IS FOUND GUILTY

SHE WILL BE SENTENCED FOR CIRCULATING IMPROPER LITERATURE.

STOP

CHICAGO, June 6.—Judge S. H. Betha in the Federal Court has directed a verdict of guilty against Dr. Alice B. Stockham, 71 years old, and Edward B. Beckham, manager of the Stockham Publishing Company, charged with circulating improper literature by the mails and express. In deciding the case Judge Betha said: "When the laws were framed it was not believed the general discussion of the marriage relation was advisable. If these persons believe they are right in teaching these subjects so that the young may learn of them they should have their doctrines interwoven in the laws of the land. What we have to do is to uphold the law as it stands." Among the witnesses for the defense was the Rev. Hiram W. Thomas. Dr. Thomas testified that he believed the woman's work was uplifting instead of harmful even to the young and that Mrs. Stockham has for years been doing a work which is to be commended and not scoffed at. It was asserted by Dr. Stockham and her witnesses that she has been in the publishing business several years and never had been questioned by the Government in regard to mailing what she said to be medical advice. She declared she received hundreds of letters from persons who had read her books thanking her for helping them.
